COUNTY UNIT LAW IS RESCUED BY THE INDIANA SENATE

REPEAL BILL LOST BY THREE VOTES

Proctor-Tomlinson Measure Killed and Victory for County Law is Won Decisively

WOOD VOTED WITH PARTY TO SAVE LAW

Effort May be Made to Send Kleckner Repeal Bill, Passed by House, to the Senate

County Option Wins by Vote of 26 to 23

The vote on the Proctor-Tomlinson bill in the senate stood as follows:

AYES	NOES.
Bland	Beal,
Brady,	Benz,
Bowser,	Bingham,
Cox,	Clark
Crumpacker,	Durre,
Gonnerman,	Farrell,
Haleck,	Fleming,
Hanna, H. L.,	Grube,
Hanna, G. E.,	Harlan,
Hawkins,	Kistler,
Higgins,	Long,
Kane,	McCullough,
Kimmel,	McDowell,
Kirkman,	Parks,
Kling,	Patterson,
Lambert,	Pelzer,
McCullum,	Powers,
McCarty,	Proctor,
Mattingly,	Ranke,
Moore,	Royse,
Orndorf,	Shafer,
Pearson,	Stotsenburg,
Springer,	Yarling.
Strange,	
Tilden,	
Wood.	

All the anti-repealers, save Tilden and McCarty, are republicans, and all the repealers, save Durre and Pelzer, are democrats. Forkner (rep.) was absent.

Indianapolis, March 3.—The county option law will stand.

By striking out the enacting clause the senate yesterday afternoon, by a vote of 26 to 23, defeated the Proctor-Tomlinson bill, the only repealing measure for which the opponents of county option had any hope. The senate then "clinched" the vote and the matter is past reconsideration.

It was announced last night that an effort will be made to pass the Kleckner bill, still pending in the house, which seeks to repeal the county unit law and enact the democratic platform ward and township unit.

It is now somewhat doubtful that this bill will pass the house. If it does, however, it will only be put up to the senate democrats for the purpose of allowing them to commit themselves on their platform measure.

Probably the most dramatic incident of the long fight preceding the killing of the Proctor-Tomlinson bill was the speech of Senator Will R. Wood, of Lafayette, former law partner of ex-Governor Hanly, who denounced Hanly for his action in forcing the issue on county option before the recent election. He charged that this resulted in the election of a democratic governor and of a democratic house of representatives, and that it also resulted in a reduced majority in the senate.

Wood's Vote Surprise of Day.

The vote of Senator Wood for the killing of the bill was the surprise of the day. While some of the more sanguine leaders of the anti-repealers hoped to see him in line with the republicans when they met for a final conference at the Claypool hotel Monday night, most of them had little hope that he would vote against the bill on second reading, although he had said repeatedly that he would never vote for it in the form in which it was pending before the senate. He had held out for a bill embracing certain features he desired in a regulation law and they had believed he would vote for the life of the bill with the purpose of offering amendments to meet his views.

The absent member when the roll was called was Forkner (Rep.) Of the remaining republicans, Pelzer and [illegible] were the only ones voting with [illegible]mocrats in the interest of the [illegible]ng that it might be amended [illegible]eet the approval of a majority of the members of the senate. McCarty and Tilden were the only democrats voting to kill the bill. Otherwise the vote in favor of the bill was democratic and the vote against it was republican.

From 3 o'clock, when the bill came up a special order, until 5 o'clock members of the senate made speeches. Some of them spoke because they desired to make their positions on the bill clear, but most of the speeches by the democratic members were not for the purpose of influencing any vote, but were for delay until Senator Yarling could arrive from Kokomo, where, it was announced he had gone during the morning session on account of the very serious illness of a brother.

Yarling, because of feeling as to the bill in his own district, was long regarded as a "doubtful," and it was said by his close friends yesterday that he would have preferred not to vote. But the democratic leaders, however, were determined that he should commit himself and he was sent for post haste.

Senate Chamber Thronged.

Knowing that the measure was to come up for final consideration yesterday afternoon, a large number of people congregated in the senate chamber. The galleries were packed, and it was with great difficulty that Chief Doorkeeper Thornberg and his men could keep the aisles of the senate chamber clear. With the exception of two outbursts, however, the big audience was quiet. Each time Senator Kistler, the democratic floor leader, objected to the demonstrations.

The first applause was called forth by the eloquent appeal which Senator Durre, of Evansville, made for the further consideration of the bill. Kistler, though Durre was speaking on his side of the question, asked that order be preserved, and President Hall announced that the visitors would be excluded if such demonstrations were not stoped.

The next applause followed the announcement of the vote, and then Kistler jumped from his seat apparently greatly annoyed and called out, "Mr. President, I suggest that these hoodlums be instructed not to make such demonstrations."

Fleming Turns "Indian."

Following the defeat of the bill Senator Fleming "turned Indian," demanding the regular order, moving to adjourn, etc. He said that the senate had for two or three days been "playing horse," and that he proposed that it continue to do so.

Senator Proctor declared that he and Fleming proposed to filibuster for the remainder of the session, meaning they would take up as much time as they could and would delay the senate all they could in retaliation for the killing of the liquor bill. It was expected, however, that the democratic leaders would do their best to sit down upon such a policy, many of them desiring that some laws be passed.

An interesting feature of the proceedings in connection with the calling of the bill was the fact that Senator Tilden, of Greencastle, a democrat, first proposed the calling of the measure when the anti-repealers found that they were absolutely sure of their ground. His motion was made at the morning session, and it was while this was being considered that Senator Durre made a motion that the matter go over until 3 o'clock. It was then made a special order.

WILL BENEFITS COLLEGE.

Decatur, Ill., March 3.—The estate of James Milliken, the philanthropist, who died at Orlando, Fla., Tuesday, will reach $1,500,000. The understanding here is that the total will be left entirely to charity. James Milliken university, Decatur, Ill., will be the chief beneficiary if the institution follows lines laid down in the will.

INDIANA POLITICIAN DIES.

Newcastle, Ind., March 3.—Charles Christopher, a well known politician in this state, died here this morning of acute indigestion.

Washington in Trig For Inauguration of President Taft

COURT OF HONOR LOOKING EAST.

SUNDAY BASEBALL BILL IS ADVANCED

Senate Passes Measure to Third Reading by Big Majority.

FILIBUSTER HITS SUNDAY MEASURE

Senator Fleming Among Opponents of the New Brolley Bill.

Indianapolis, March 3.—By a vote of thirty-one to eight, the new Brolley bill, legalizing Sunday baseball, went to third reading in the senate this morning.

This action was taken under suspension of the order of business.

Those who voted against advancing the measure were Senators Brady, Fleming, Higgins, Kimmel, Kling, McCarty, Pearson and Strang.

Senator Fleming raised an objection to suspension of the regular order of business, this being one of the filibustering tactics adopted since the defeat of the Proctor-Tomlinson county option repeal bill yesterday.

Senator Strang criticised the senate for turning its attention to baseball when there were other bills which he declared were more important to be advanced.

ABOUT THE LATEST.

Billy Possum Pins Are Given to Hotel Guests.

New York, March 3.—That the "Billy Possum" is not going to be denied admission into the select coterie of presidential mascots was proved when a Broadway hostelry began giving out "Billy Possum" pins to its guests. They were distributed as inauguration souvenirs.

The pins are neatly embossed with the figure of a possum couchant on a field d'or, the latter being the most available designation of the rich coloring of the sweet potato.

There was a great demand for the pins and indications are that the hotel which has introduced the novelty will be compelled to renew its supply.

GERMAN CAPITAL IN GRIP OF FIERCE BLIZZARD

Great Snow Storm Raging and Traffic is Almost Stopped.

Berlin, March 3.—Berlin is in the grip of a blizzard. Snow fell heavily throughout the night and traffic is almost at a standstill.

Fifty people have been seriously hurt by falling on the streets and a large number sustained slight injuries from the same cause.

It has been necessary to put a great many of the city cabs on runners. More than 15,000 of the unemployed of Berlin were today engaged to clear roadways.

Mail trains from Russia and the eastern provinces are snowed up.

KANSAS GUARANTEE LAW PASSED BY LEGISLATURE

Depositors to Be Secured by Act Patterned on Oklahoma Law.

Topeka, Kas., March 3.—The house and senate voted today to concur in the second conference report on the bank guaranty law and the bill will become a law as soon as it is signed by the governor.

Trust companies are not permitted to come under the provisions of the law. New banks must wait a year before being permitted to become guarantee banks, and savings deposits are protected when not in excess of $100 for each individual depositor.

AGREE ON WEST POINT BILL.

Washington, March 3.—A full agreement on the military academy appropriation bill was reported by the conferees to the senate today and approved.

TEN PERSONS DIE IN TENEMENT FIRE

Apartment House Occupied by Italians in New York is Burned.

AGES RANGE FROM SIXTY TO FOUR

Fire Was at First Thought to Be Fulfillment of Black Hand Threat.

New York, March 3.—Cut off from escape by a burning stairway, ten persons perished today in a five story tenement house at 372-4 Seventh avenue. The victims, who were all Italians with the exception of an unidentified Frenchman, ranged in age from sixty years to a girl of four. Five persons, including a policeman, who was cut by flying glass, and a male child about a year old, were injured and taken to the hospitals.

It is believed the blaze was incendiary, following a "Black Hand" mailing letter which an occupant of the building received several months ago.

Great Catch By Fireman.

Three babies were taken from the rooms on the fourth floor by thrilling work of the firemen. Standing on an extension ladder outside the windows, Robert Nelson, one of the firemen, caught the children as they were thrown to him by another fireman from the windows. As Nelson started down the ladder with the two babies in his arms, the man again appeared at the window and called out, "I have got another baby here; catch it." Before Nelson could reply the man threw the baby out of the window and Nelson, with two babies already in his arms, managed to catch the third and carried them all down the ladder to the street.

All but two of those who perished in the fire were occupants of tenements on the upper floor of the burned building. Apparently they were overcome by smoke before they could escape to the windows in the front of the house. The flames, passing up the hallways, burned out the rear of the building, but the apartments in the front were not badly damaged.

Rescue Work Delayed.

The work of rescue was delayed by the falling of three firemen from the second and third floors when their

ECHO OF OPTION REPEAL FAILURE

Attempt in House to Kill Senator McCarty's School Bill.

AUTHOR VOTED AGAINST REPEAL

McCarty Openly Charged a Course of Reprisals—Bill Passed.

Indianapolis, March 3.—An attempt in the house to defeat the McCarty bill to require medical inspection of school children came as an echo today of the defeat of the Proctor-Tomlinson county option repeal bill in the senate yesterday.

Senator McCarty, after an unsuccessful effort had been made to kill his bill, openly charged that his vote with the anti-repealers was the cause of attack on his health measure. The McCarty bill, which requires the sanitary construction of school houses as well as medical inspection of pupils came up on second reading. A majority report of the committee recommending indefinite postponement was returned.

Representative Garrard, democratic floor leader, immediately moved that the bill be indefinitely postponed. Representative King, republican floor leader, demanded roll call in a speech in favor of the measure. "There are some good features in this bill," said Representative Talbott (republican) for the first time alluding to the vote of Senator McCarty against the repeal of county option law. "We should not vote against this bill because some one voted against another bill." "I have no ax for anyone," declared Representative Garrard, taking up the charge implied in Talbott's speech. "I am acting only in interest of economy."

The motion to postpone the bill was lost by a vote of 50 to 37 and the measure was advanced to third reading.

Clerks' Fee Bill Advanced.

The McGinnis bill, which would repeal a bill passed early in the session and known as the clerks' transcript fee bill, was passed to engrossment after a long debate. Representative McGinnis declared that the bill passed early in the session and previously vetoed by former Governor Hanly, had been designed to give only transcript fees to county clerks, but since the passage of the vetoed measure it has been found that it gave clerks other fees.

The house killed the Garrard bill placing libraries under the control of state library commission. The same bill was introduced in the senate by Mr. Fleming.

Bills were on second reading most of the morning. Among those advanced to engrossment were the Williams bill requiring stores selling liquor to have city licenses; the Wood senate bill to authorize the alumni of Purdue university to choose one trustee, and the Gauss house bill requiring county officers to give bond according to the amount of money they handle.

The Wood bill giving causalty companies a wider scope of investments was killed on report for indefinite postponement.

A joint resolution to place a tablet with the inscription "Be kind to one another" at the entrance of the Nancy Hanks Lincoln monument park was adopted by the house today. The words are said to be the last spoken to Abraham Lincoln by his mother, as he and his sister stood at their dying mother's bedside.

The Senate's Work.

The senate passed seven bills. Senator Kistler's bill extending provisions of the law against wire tapping to water and gas mains was passed. Representative Smith's bill amending the law governing the incorporation of foreign corporations to protect a mortgagee from the company's home state against discrimination; Senator Halleck's bill authorizing the issuance of bonds for drainage purposes, and Senator Cox's bill permitting cancellation of ditch assessments when the work for which the assessment was made was never performed, were passed.

The senate this afternoon spent some time discussing Senator Pearson's bill to prevent mussel fishing between January 1st and July 1st The bill was defeated 14 to 26.

VETOED BY GOVERNOR.

Indianapolis, March 3.—Governor Marshall signed four senate bills yesterday and vetoed another.

The measure which met with the governor's disapproval is the one introduced by Senator Stotsenburg, which provided that a defendant in

[Continued on Page Two.]

WABASH VALLEY STATEMENT OUT

Total of $1,322,635.34 Was Earned by Trolley System Last Year.

SPENT SURPLUS IN BETTERMENTS

Old Board of Directors is Again Chosen by Stockholders.

A financial statement covering the earnings and expenditures of the Fort Wayne and Wabash Valley Traction company, submitted in the report of President J. Levering Jones to the annual meeting of stockholders held in Fort Wayne today, shows that during the year 1908 the bigtraction system earned a total of $1,322,635.34.

Its operating expenses in the same period were $737,133.82, leaving the sum of $585,501.52 as the net earnings for the year. After the payment of interest, taxes, etc., there remained a surplus of $96,830.38. No dividends were declared, this surplus all being expended in paving, reconstruction and betterments of the system. In this connection it is shown that the single item of taxes alone for the year was a trifle more than $45,000.

The report also makes a comparative exhibit that reveals the fact that the earnings show a slight decrease from those of the previous years on the same operation. In 1907 the Logansport-Lafayette extension was not completed until the year was well advanced, but for the months in which it was in operation the earnings then were slightly higher than those of 1908, though with the entire system as a basis, the total for 1908 shows a slight gain over the figures of the previous year.

The old board of directors was re elected without change, the list including J. Levering Jones, Howard H. Henry, Randall Morgan and John J. Collier, of Philadelphia; Hugh J. McGowan, of Indianapolis; Charles Murdock and Samuel T. Murdock, of Lafayette, and Henry C. Paul and James M. Barrett, of Fort Wayne. There are about seventy-five stockholders in the Fort Wayne and Wa

[Continued on Page Two.]

OFFICIALS MEET TO DISCUSS WABASH PLANS

Engineers Figured in Some Work Covered by City Estimates.

At a meeting between Mayor W. J. Hosey, the members of the board of public works, City Attorney Colerick and Engineer Randall and Chief Engineer A. O. Cunningham, Assistant W. S. Danes, Superintendent J. C. Sullivan and Attorney Stuart in the city hall today the plans and specifications for raising the tracks at Calhoun street were taken up for the purpose of arriving at a better understanding and adjusting some difficulties that stand in the way of the work.

In the first place it was found that the railroad company included in its estimates a lot of work that will be done at the cost of the city and when this has been deducted it will greatly reduce the figures submitted to the city covering the probable cost of the work. The conference was held privately and was solely for the purpose of arriving at a better understanding before the general hearing, which has been sent for March 22.

The Wabash Co. has figured that it can give a clearance of only a little more than 12 feet under the tracks while the city and the Pennsylvania company insist upon a fraction over fourteen feet and Mayor Hosey stated that the company is simply taking advantage of the fact that the city agreed to a greater depression than was formerly calculated upon so that it can get its superstructure down a couple of feet.

An argument advanced is that the clearance will practically confiscate the Wabash property and that the cost will be enormous and this furnished one of the knotty problems that came up for discussion. The conference was started during the forenoon and another was held this afternoon and the city officials think that by the time it is over the Wabash company will agree to make the concessions necessary to start the work.

WABASH VALLEY STATEMENT OUT

[Continued from Page One.]

...sh Valley company, and for the annual meeting proxies had been given to Mr. Paul. Those present at the meeting included Mr. Paul, Mr. Barrett, General Manager C. D. Emmons and Secretary Henry Rainey, of Philadelphia.

ECHO OF OPTION REPEAL FAILURE

[Continued From Page One.]

criminal cases who has been convicted might give bond pending an appeal to the supreme or appellate court. There was some opposition to the bill when it came up for passage in the senate. Senator H. L. Hanna was opposed to its passage, declaring it to be a "rich man's bill" inasmuch as it protected the prisoner from going to the penitentiary if he could get bond for his release.

Governor Marshall took practically the same stand against the bill as did Senator Hanna. In his veto message he said that by the operation of the provisions of the bill the law's delay would in some instances give to a convicted man the right to serve out his sentence as a free man.

Among the more important bills which were signed by the governor was the one introduced by Senator Harlan, providing that vacancies on regular jury panels shall be filled by the jury commissioners instead of by the court or the bailiff.

MR. WELLS WAS LOADED.

Indianapolis, March 3.—The house yesterday passed the McCullough (senate) metropolitan police repeal bill, the Sunday baseball bill, and for the third time the bill to provide that manufacturers' mutual insurance companies shall have $1,000,0000 worth of insurance before being allowed to incorporate.

This bill has twice been vetoed by Governor Marshall, each time for defects in the bill as drawn. It was first passed as the bill of Representative Stahl (No. 101), and found defective in the title.

Stahl had the defect in the title corrected, and on motion of Representative Hauck it was passed a second time under suspension of the rules. While the Stahl bill was going through the process in the house the Wood bill in the senate was passed and sent to the house. On its appearance there yesterday the rules were suspended and the bill was placed at once upon its passage, going through with a vote of 69 to 0.

The metropolitan police repeal bill was also passed under a suspension of the rules. The only other measure of importance passed was the Merriman resolution to petition congress for an amendment of the United States constitution to permit of the election of senators by direct vote of the people. The vote on the resolution was 77 to 1, Representative Miller being the only "no."

The house passed eight bills and one resolution yesterday, besides advancing fifty bills to third reading. The McGinnis bill to repeal the law providing for the payment of in-and-out fees to the sheriff was among the bills advanced.

The latter bill came before the house on a divided report from the committee on fees and salaries. The minority report favored indefinite postponement and the viva voce vote came from the throat of the house members in such even division that a rising vote was asked.

Among those who stood for indefinite postponement was Representative Wells of Allen county. Speaker Honan was evidently of the opinion that Wells knew not why he stood, as he spoke sharply to the member from Allen county in a stage voice: "Wells, sit down; get down there."

But Wells heeded not, but returned his look with one of blank amazement, and said: "Isn't my brother-in-law a sheriff, what's the matter with you?" And Mr. Wells remained standing. The motion to indefinitely postpone was lost. The bill will come out within the next few days for passage.

MAY AGAIN CALL UP KLECKNER BILL IN HOUSE

Democrats Will Be Sure of Enough Votes First to Repeal Option Law.

Indianapolis, March 3.—The Kleckner township and ward local option bill, the first county option repeal bill introduced at the present session of the legislature, may be placed upon its passage in the house this afternoon.

The bill which was drawn in conformity with the temperance plank of democratic state platform, once failed in the house for lack of a constitutional majority, but a motion to reconsider was made and the bill can still be called up.

It was superseded in general attention by the Proctor-Tomlinson repeal measure, which passed the house and was defeated in the senate yesterday.

The democrats will not attempt to place the Kleckner bill upon its passage until they are sure of enough votes to carry it through.

RAINS ON OPTION ELECTION.

Sullivan County "Drys" Fear Somewhat for Result.

Sullivan, Ind., March 3.—A change to cold and snowy weather today is having a decided effect in cutting down the vote in the county option election today. It now looks as if no more than 50 per cent. of the vote will be cast in city or county. The wets are getting out their vote in good shape, while the drys have trouble in getting voters to the polls. This change in conditions has caused the temperance leaders to feel more anxious today than at any time since the election was ordered.

READY FOR THE FINAL STAGE.

Cooper Trial at Nashville Is Now Near the End.

Nashville, Tenn., March 3.—Attorneys on both sides in the Cooper-Sharp trial for the murder of former Senator E. W. Carmack, were in conference today.

Witnesses who are still to be put upon the stand were examined and plains laid for the resumption of the trial tomorrow. The state has decided definitely not to recall Governor M. R. Patterson for cross examination. This decision was reached after a rather stormy session which lasted several hours.

Several of counsel for the state are bitter enemies of Governor Patterson, and they favored a grilling of the chief executive. But it was learned that nine of the twelve jurors were strong Patterson supporters, and Attorney General McCarn feared the effect on them if any attack upon the governor was made.

The second reason for excusing him was that he told no new facts, confining himself simply to corroborating other witnesses as to what happened at the famous conferences the day of the tragedy.

The defense is hunting up its witnesses to be used in rebuttal, and is preparing to fight the expected attempt of the prosecution to develop the conspiracy theory or to show the condition of Senator Carmack's mind the day of the shooting.

The automatic electric egg-boilers, like those on the Lusitania and Mauretania, are able to cook 200 eggs at once, a clock arrangement causing the basket containing the eggs to hop out of the water at any half minute up to six minutes. Another novelty is a self-dumping oyster cooker for stews. At the expiration of a given time the cooker pours its contents into a soup plate and automatically shuts off the electricity.

SHIP SUBSIDY BILL IS KILLED BY HOUSE

Three Votes Needed for Its Passage—Republicans Aid Death.

Washington, D. C., March 3.—The ship subsidy bill, previously passed by the senate, was defeated in the house of representatives yesterday afternoon by three votes, the count being 172 to 175. The opponents of the measure were wildly cheered.

Representativ Goldfogle, of New York, came in, occupying an invalid chair, having been brought from a hospital, where he had undergone an operation on his knee cap. He was determined to record his name against the bill.

The debate on the bill consumed the entire afternoon, during which a large number of members made speeches for and against it. Mr. Moon, of Tennessee led the opposition to the measure.

"It is an infernal fraud, designed to plunder the treasury," he declared.

Speaking of the provision for the training of American boys, and answering the plea of patriotism advanced by Mr. Landis, who had pleaded for the measure, he said that it was but a blind to hide the giving of the people's money to corporations of ship owners.

Clark Upholds Moon's Stand.

The climax came when Minority Leader Clark declared that a lobby had been carried on "right on the floor of the house "in favor of the passage of the bill.

"It is an outrage to a civilized country," he declared, "this thing of coaxing men, of buttonholing men, and I undertake to say that when Mr. Moon, of Tennessee denounced this bill as an infernal fraud he used language that he was justified in using."

The debate against the bill was closed by Mr. Cockran, of New York. He denounced the sending of the American flag abroad by a subsidy "as an outrageous concession of the enslaving of a people through the agency of a government."

As their champion the advocates of the bill put forth Representative Fassett, of New York, who was the closing speaker. He referred to the condition of the battleship fleet on its return from its recent encircling of the globe, and that it showed that Americans could build as good machinery and the country has as good commanders as any country in the world. But no tender carrying the American flag went the trip with the fleet, he added.

Trade Wars in Future.

"The wars of the future will not be gun wars," said Mr. Fassett, "but trade wars. They will be wars to get goods to the world's markets. In that war we cannot choose weapons, but must fight with the weapons of our opponents. We must face facts, not syllogisms."

Others to speak for the bill were Goebel, of Ohio, Humphreys, of Washington, and Hobson, of Alabama. Others against it were Small, of North Carolina, Kustermann and Stafford, of Wisconsin, Lloyd, of Missouri, Sulzer, of New York, Burton, of Ohio, Saunders, of Virginia, Wilson, of Pennsylvania, Clark, of North Carolina, Steenerson, of Minnesota, Finley, of South Carolina, and Norris, of Nebraska.

A scene of confusion followed the roll call. With the announcement of the vote of 172 in the affirmative, the speaker hesitated to get a good breath, and then said "175 in the negative." The democratic side of the house broke forth in cheers.

Mr. Overstreet, in charge of the bill, was recognized, and he asked to be permitted to change his vote. This would have allowed him to move to reconsider and have another vote on the bill. The speaker informed him that the vote had been announced and his request came too late.

Thirty republicans voted against the measure and four democrats for it.

TEN PERSONS DIE IN TENEMENT FIRE

[Continued From Page One.]

scaling ladders slipped off the window sills. The firemen were not much hurt. Many of the occupants were taken down on scaling ladders and later on extension ladders, which reached to the fourth and fifth floors. Firemen say the fire escape in the rear was clogged with refuse which had to be cleaned off before they could mount. The Travisano family evidently was trapped in their rooms on the top floor and made no effort to escape. The bodies of the parents were lying on a couch, while the son and daughter were kneeling on the floor with their faces in their mother's lap and seemed to have been suffocated while praying. The members of the Filliberti, Gruppi and Placia families were found in their beds on the fifth floor, where they had been overcome by smoke while asleep. The belief that the fire was the work of a group of blackmailers arose from the statement of Antonio Urso, the barber, who said he had received a black hand letter about two months ago, demanding the payment of about $200 to a man whom he was to meet in the street.

The fire marshals and police, after investigating, reported that the fire was not of incendiary origin.

NEWSPAPER CROWD TOOK LEAVE OF FAIRBANKS

Vice President Shown a High Degree of Courtesy and Respect.

Washington, March 3.—The members of the congressional press gallery met Vice President Fairbanks by appointment in the marble room of the senate yesterday afternoon at 4 o'clock and bade him good-by. The vice president is a favorite with the newspaper fraternity, and the occasion was marked by a generous display of friendly feeling. After the formalities of speech making were gone through with the correspondents filed past the vice president, and mutual wishes for a happy and prosperous future were expressed as each member of the gallery shook his hand.

When the correspondents had assembled and the vice president made his appearance, Maurice Splain, chairman of the standing committee of correspondents, said:

"We wanted to come around and say good-by to you before you went away. I am not going to make a speech, but I would like to repeat what Senator Clay, of Georgia, said a moment ago. He asked us what it was all about, and we told him we were going to say good-by to you. He said: 'You are going to take leave of an impartial, fearless and high-minded gentleman.' That expresses the sentiment of all of us here."

"Like Leaving Old Homestead."

The vice president replied:

"It is very thoughtful and generous of you to make this call upon me. I can not tell you how much I appreciate it. Of course I have formed many intimate friendships here among you during the last twelve years, and it is somewhat like leaving the old homestead and going out into the world again. I shall always remember my relations with you gentlemen with the profoundest gratification. No matter where I may be in the future, I shall always have in mind your many kindnesses and shall recall you in memory often. The world is rather small. We do not get far away. In a sense friends do not separate. A little distance may divide us, but memory brings us into frequent association.

"I shall regard the friendships I have made among you gentlemen of the press as the most delightful of my life. I rarely leave the senate, but I was glad to leave it on this occasion and return all my profound thanks for your kindness. I wish that God's providence may prosper you and preserve you all."

TAFT'S LAST DAY AS PRIVATE CITIZEN IS QUIET

Change in Sub-Cabinet is Announced by President-Elect.

Washington, March 3.—President-elect Taft today announced the selection of Beekman Winthrop to be assistant secretary of the navy and his acceptance thereof. Mr. Winthrop was first offered and accepted the post of assistant secretary of state, but afterwards reconsidered.

Myron T. Herrick, of Ohio, yesterday, for business reasons, declined an ambassadorship at the hands of President-elect Taft. The post was not definite. Mr. Taft saying there were two or three places in which vacancies would occur and mentioned particularly the resignation of Ambassador Griscom, at Rome.

This is the last day of President-elect Taft's private citizenship. He devoted it to those who might wish to call on him at the Boardman residence.

President and Mrs. Roosevelt will entertain Mr. and Mrs. Taft at dinner tonight and have invited their guests to remain as house guests for the night. The invitation has been accepted and tomorrow Mr. Taft will begin there the important events of the day which at noon will make him master of the executive mansion for the next four years.

OLD TEACHER WILL LOOK ON.

Cincinnati, March 3.—Miss Louisa D. Horsley, of Cincinnati, one of whose favorite pupils forty years ago was William H. Taft, will witness the Taft inauguration ceremonies. Miss Horseley is the only teacher surviving or still living in Cincinnati to whom Mr. Taft went to school on Mount Auburn. Miss Horseley retired last June from active school work after forty-four years of service.

CITY BREVITIES.

Arthur Robinson, of Chicago, will arrive in the city this evening to attend the funeral foh is grandmother, Mrs. Isabella Robinson.

A few shingles on the roof of a small shed at the corner of East Superior street and Spy Run avenue caught fire shortly after 2 o'clock this afternoon. A fire alarm was turned in but there was no loss.

Convicted Murderer Still Fighting For His Liberty

ALBERT T. PATRICK.

New York, March 3.—Prepared to argue the contention that he prefers death in the electric chair to life imprisonment and that the commutation of the death sentence to the latter penalty by Governor Higins is void in law, Albert T. Patrick appeared before the appellate division of the supreme court in Brooklyn to act in the capacity of his own advocate.

For the first time since he was arrested, nearly nine years ago, charged with the murder of William MarshRice, the astute lawyer who fought for freedom even while he lay for weary months condemned in the Sing Sing death house and who at last emerged from the shadow of a felon's death only to begin a term of life servitude, enjoyed the privilege of free and untrammelled speech in a court of law.

It was an extraordinary occasion, a scene unparalleled in the annals of the New York courts.

REAL ESTATE TRANSFERS.

Transfers of Real Estate Compiled by J. C. Heller, Abstractor, 725 Court St.

CITY.

Fort Wayne Trust company to Hugh Isaac Dare, lot 119, Drexel Park addition, for $150.

Charles E. Shafer to Mary A. Mumma, part section 18, Monroe township, for $1,675.

SOLONS RESORT TO VIOLENCE.

Springfield, Ill., March 3.—Dissensions in the minority today led to a physical encounter on the floor of the house. Bitter words by the minority leader, Browne, and Representative Lantz were followed by a personal struggle in which the coat collars of the two were disarranged, but no blows struck.

BALDWIN WILL FILED.

Los Angeles, Cal., March 3.—The will of the late E. J. (Lucky) Baldwin, the famous turfman and plunger, disposing of property valued at between $25,000,000 and $30,000,000 was placed in court this morning.

ILLINOIS GRAIN DEALERS.

Decatur, Ill., March 3.—The Illinois Farmers' & Grain Dealers' association met here today with 100 delegates and farmers in attendance.

WAR DANGER IS PASSED.

Servia Recedes From Demands for Territorial Pay.

London, March 3.—It was learned conclusively in London today that Servia, in accordance with the advice of the powers, has withdrawn her demand for territorial compensation at the hands of Austria-Hungary. The semi-official news published in Vienna to the contrary is therefore erroneous. The question of the autonomy of Bosnia was not raised in the representations made by the powers at Belgrade. It is believed that this decision on the part of Servia foreshadows an early and peaceful settlement of her difficulty with Austra-Hungary.

FOUR MEN KILLED.

Butte, Mont., March 3.—Four men were killed in the Diamond mine today through the premature discharge of a blast.

WIDOW OF PIONEER PUBLISEER IS NO MORE

Mrs. Catharine Tigar Expires in New York City Other Deaths.

Mrs. Catherine Tigar, widow of Thomas Tigar, one of the most prominent of early Fort Wayne newspaper publishers, and herself a pioneer resident of this city, died at 9 o'clock this morning at the home of her son, Walter Tigar, in New York city. Mrs. Tigar lacked but a few months of completing her 82nd year of age, and her death was due to the infirmities of age.

She was born in Uxbridge, England, May 12, 1827, and came with her parents to America in December, 1853. Her marriage to Thomas Tigar occurrend in Fort Wayne in January, 1855, and the husband was long active in business and in politics in Fort Wayne, having been for many years, in early days, the publisher of The Sentinel. Mrs. Tigar resided in Fort Wayne up to little more than a year ago, when she went to New York to make her home with her son there.

Three sons and a step-daughter survive. They are Walter and Herbert Tigar, residing in New York; Will Tigar, in Fort Wayne, and Mrs. Mary Stevens, of Chicago. Mrs. Tigar was an active member of the Baptist church and was widely known, particularly among the older residents of Fort Wayne.

The remains will be brought to Fort Wayne for funeral services and interment.

DURST.

Mrs. Lillian Durst, wife of Walter E. Durst, until recently residing at 917 Hanna street, died Tuesday at the home of her foster parents, Mr. and Mrs. William Hedges, at Convoy, O., aged 22 years. Death was due to rheumatism from which she had been suffering since early in January, and it was at her request, after she became ill, that she was removed to her former home.

She was united to Mr. Durst in September last, and surviving relatives include the husband, her father who lives at Egbert, Wyo., and two brothers, Gable Plumeley, now in San Francisco, and Alvin Plumeley, of Warren, Ohio.

The remains will be brought to Fort Wayne at noon Thursday for interment beside those of her sister, who died two months ago.

JOHNSON.

Mrs. Margaret Johnson, wife of Z. Johnson, of South Whitley, died at noon today at the home of her son, Sheldon S. Johnson, 1306 Scott avenue, at the age of 75 years, 6 months and 9 days. Death was due to facial cancer.

Mrs. Johnson had been ill for the past eleven month, and came to Fort Wayne eight months ago to receive medical treatment. She is survived by the husband and two children—Mrs. Sickafoose, of Spokane, Wash., and Sheldon S. Johnson, of Fort Wayne.

The remains will be taken to South Whitley Friday noon for interment.

FUNERAL NOTICES.

Robinson.—Funeral services of Mrs. Isabella Robinson will be held privately Thursday morning from the home on East Lewis street. The pallbearers chosen are Messrs. H. Schroeder, Daniel Komp, U. U. Miller, Henry Bramer, Ferdinand Meier and O. S. Bradway.

Albrecht.—Funeral services of Frank S. Albrecht will be held Thursday morning at 8:30 from the residence and at 9 o'clock from St. Peter's Catholic church.

Marks.—Funeral services of Earl Clinton Marks will be held Thursday morning at 10 o'clock from the residense, 1445 Spring street; interment at Prairie Grove.

Hull.—Funeral services of Mrs. Elizabeth Hull will be held Thursday afternoon at 2 o'clock from the residence of S. W. Hull, 241 East Butler street; interment at Lindenwood.

Attorney T. J. Logan, who has been spending some weeks in Washington, will return immediately after the inaugural ceremonies, arriving home Friday evening.

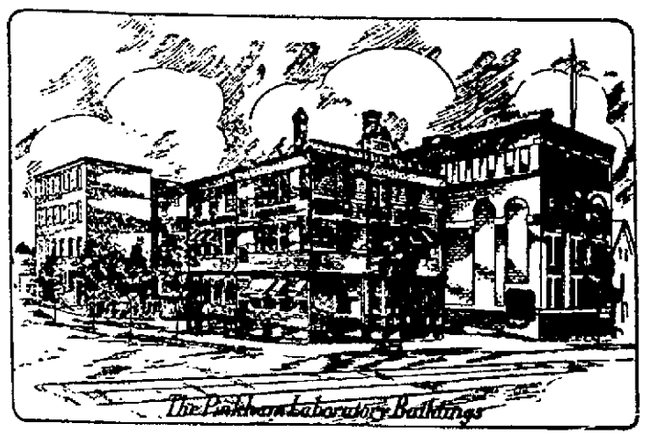
1104 CALHOUN STREET

Room 1

Above Dehm's Millinery

Home Phone 817.

You Are Invited to Visit This Place.



This is a view of the laboratory in Lynn, Mass., in which Lydia E. Pinkham's Vegetable Compound is made.

There is a sign 5 feet long and 2½ feet wide attached, permanently, to the front of the main building which reads as follows:

Public inspection invited—from 8 A.M. to 4 P.M. —Lydia E. Pinkham Medicine Co.

What does this sign mean?

It means that public inspection of the laboratory and methods of doing business is honestly desired. It means that there is nothing about the Pinkham business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify the statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is Lydia E. Pinkham's Vegetable Compound made exclusively from roots and herbs?

Come and See for Yourself.

Do the women of America continually use as much of it as we are told?

Come and See for Yourself.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

Come and See for Yourself.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See for Yourself.

Have they really got letters from more than a million women?

Come and See for Yourself.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See for Yourself.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

Northern Indiana News and Gossip

Methodism in Auburn dates back to 1839.

Mrs. Mary Velentine, 82, pioneer resident of Bluffton, is dead.

Mrs. A. J. Hardendorf, northeast of Albion, is dead from blood poisoning.

The Elkhart Truth hears that a bread trust is being formed in that city.

John Wienland, a young grocer who recently disappeared from Bluffton, has returned.

Smallpox is prevalent at Nappanee, and schools have been closed and church service forbidden on account of it.

The Elkhart Ministerial association has sent a vote of thanks to Governor Marshall for vetoing the Sunday Baseball bill.

Jesse Kime, a Kendallville genius, has invented a spring and lever engine which he thinks will make him a fortune.

Larwill, Whitley county, is to have a private bank, capitalized at $10,000. Clinton Wilcox, former county treasurer, will be cashier of the new bank.

Frank Murphy, a laborer at Muncie, made two attempts at suicide within an hour, using a razor and then trying strangulation. Both were failures.

John Meyer, the first of the Decatur saloon men to go out of business as a result of the local option election in Adams county, quit business Tuesday night.

Tom Davis for many years an engineer on the B. & O., running out of Garrett, was killed in a railroad accident at Aberdeen, Wash., a few days ago.

Marion saloon men have eliminated the free lunch under an agreement to cut down expenses during the remainder of the time they are to be permitted to operate.

After having evaded the officers for several months, Frank Gustin, of Andrews, is in jail at Huntington, serving out a fifteen day jail sentence for beating a board bill.

Mrs. Maggie Summers, at Warsaw, is alleged to have attacked Mrs. Fred Tucker with a knife, inflicting a wound upon her arm, and it is expected that an arrest will follow.

Deputy Postmaster Walter Gaunt and his family, of Portland, came near death by asphyxiation from coal gas which escaped in their home as the result of a disconnected stove pipe.

It is announced that the Indiana Brewing association will close its Marion brewery as a result of the recent local option election in Grant and Adams counties, where the company did most of its business.

Kenneth Hare, a Huntington boy, has confessed to having robbed the Fred Loesching home of a $5 bill and a $10 check, and to stealing a watch valued at $20 from Lewis Freel. The lad pawned the watch in Fort Wayne.

Samuel W. Ream, who died at Peru Sunday, is said to have been the oldest Mason in Indiana. He was born January 11, 1820, and was a charter member of Miami lodge of Masons, organized at Peru in 1848.

Judge LaFollette, at Portland, came to the rescue of Harry Cecil Hudson, 20, and Viola Blanche Jennings, 15, who wanted to marry, and ordered the clerk to issue a license to them. That official had previously refused to do so on account of the youth of the couple.

The Star Match Co., has been incorporated at Elkhart with a capital of $150,000. The incorporators are Peter S. Longacher, W. W. Sterling and Julius Russell. A plant will be established near the Gossard Corset Co.'s factory and the principal building will be 75x250 feet.

Rocks were piled upon the Big Four railroad tracks near Urbana, Wabash county, Monday evening in an attempt to wreck a passenger train. The engine struck the obstruction and brushed it aside without leaving the rails, but was considerably damaged. Officers are investigating the matter.

Two months ago Oliver Simon started to move a house from a farm south of Bluffton to that city. He got the building as far as the Indiana Union interurban tracks, where he was stopped by an injunction and the building was left standing in the road. Monday night the house caught fire in some mysterious manner and was burned to the ground.

More than 1,600 farmers in Adams, Wells, Huntington and Wabash counties evidenced their interest in the "seed corn special" train put on by the Erie railroad at Purdue university Tuesday. Stops were made at Decatur, Preble, Tocsin, Kingsland, Uniondale, Markle, Simpson, Bippus, Servia and Bolivar, where Purdue university experts gave brief talks on the planting and care of corn, illustrating their addresses by charts and corn samples. The Erie railroad defrayed the expenses of the train.

A Startling Statement

New York Medical Authorities Claim Dyspepsia Causes Consumption.

The post mortem statistics of the big New York hospitals show that some cases of consumption are due to unchecked dyspepsia, especially when the victim was predisposed to tuberculosis.

Dyspepsia wears out the body and brain, the weakened, irritable stomach is unable to digest food, the body does not receive the required nourishment, constipation ensues and the victim becomes thin, weak and haggard. As a result, the body becomes a fertile field for the germs of disease to lodge and flourish.

Therefore, the person who permits dyspepsia to progress unhindered is guilty of contributing toward the development of one of the most insidious and fatal diseases known to mankind.

Dyspepsia is curable if properly treated. The Meyer Bros. Co. sell a remedy which they positively guarantee will cure indigestion or dyspepsia or they will pay for all the medicine used during the trial. This remedy is an absolutely new medical discovery and has been named Rexall Dyspepsia Tablets. Certainly no offer could be more fair, and the offer of the Meyer Bros. Co. is proof positive the Rexall Dyspepsia Tablets are a dependable and infallible remedy. Inasmuch as the medicine will cost you nothing if it does not benefit you we urge you who are suffering with indigestion or dyspepsia to try this remedy. A 25 cent box of Rexall Dyspepsia Tablets contains enough medicine for fifteen days' treatment. Remember Rexall Dyspepsia Tablets are only sold in Fort Wayne by Meyer Bros. Co. Three Drug Stores.

Put on Flesh A Pound A Day

Remarkable Builder of Flesh, Protone, Produces Astonishing Results on Thin Men and Women.

Prove It By Sending Coupon Below Today for 50c Package, Free.

POE NEWS.

[Sentinel Correspondence.]

[Sentinel Correspondence.]

Poe, Ind., March 3.—The Messrs. Fred Heckman, John Witte and Charles Wiegman, did some repair work on the rural telephone line Saturday.

C. E. Morton was a business caller in Decatur Saturday.

Mr. and Mrs. Marion Smith were guests Sunday of Mr. and Mrs. John Trenary.

Mr. and Mrs. Gert Somers were entertained Sunday by Dr. and Mrs. D. J. Mercer.

C. E. Morton and family were guests Sunday in the home of his parents, G. A. Morton and family.

Geo. W. Spangler has a public sale advertised for March 10.

Clem Smith captured the sweepstakes premium at the corn show at the farmers' institute. He received in all $15 in premiums on ten ears of white corn, $2.50 at Hoagland and $12.50 at Fort Wayne.

OLD OFFICERS RE-ELECTED.

Medical Library Association in Session at Court House.

Dr. G. W. McCaskey, president; Dr. B. P. Weaver, secretary, and Dr. Alfred Kane, treasurer, officers of the Medical Library association, were all re-elected at a meeting of that body held in the court house assembly room Tuesday evening.

The meeting preceded that of the Allen County Medical society, at which Dr. K. K. Wheelock read a paper on "Surgery of the Tonsils," and Dr. J. S. Boyers, of Decatur, presented a paper on "Bright's Disease." Both papers were discussed at length by the physicians present.

C. J. Ulmer is in Decatur today looking after some business matters.

The People's Store

First Showing

—of the New Spring Models of—

Foster's Famous Waists

Foster's famous waists (made in Fort Wayne) need no detailed introduction. The fact that they are made in Fort Wayne, by Fort Wayne labor, is sufficient in itself to place them on the highest pinnacle of fame. But a few words regarding the showing of the present season will not be amiss.

Such perfect taste has been used in the designing of these waists that their desirability for spring and summer wear cannot be too strongly emphasized. The designs are stylish and practical, and the materials, trimmings and general air are those of custom-made goods costing twice the amount. The Foster waists are equaled by none.

Here Are a Few of the Popular Numbers We Are Showing:

At 50c Shepherd Plaid Waists, Navy Blue with Polka Dots, White with Black Hair Line Check.

At 98c White Lawn Waists with Embroidery trimming, open front; checked Waists, Tailor Made in Pink, Light Blue and Brown Checks; White and Black Check, Tailor Made with Black trimming; Navy Blue, Polka Dot Waists, Tailor Made, white trimming.

At $1.25 White Lawn Tailored Waists, with Black Stripe, trimmed with Grecian border; Fancy White Lawn Waists with Lace and Embroidery trimming; White Linnette Tailored Waists, Gibson effect.

At $1.50 All-over Embroidery Waists, Embroidered Waists with Lace Insertion, White Dimity Tailored Waists with plain Linen Collars and Cuffs; Natural Linen Tailored Waists.

At $1.98 White Lawn Waists with Embroidered Front, Fancy Long Sleeves; Fancy Waists with Rosebud and open work; Embroidered Fronts, Long Sleeves; Fancy Embroidered Waists, with Long Sleeves, Lace and Tucked trimmed.

At $2.50 And up to $5, beautiful White Lawn, Persian Lawn, French Lawn Waists, with very Fancy Embroidered Front, Back and Sleeves, and Filet Lace and Embroidered, with Back and Sleeves Lace and Tucked trimmed.

Special!! A white Linnette Tailored Waist, plaited front, which opens on the side; a very neat style and splendid value for $1.75. Special at $1.19.

The People's Store

COUNTY UNIT LAW STANDS.

The county unit law passed by the special session of the legislature in September will not be wiped from the statute books of Indiana by this general assembly. After having been the issue in some phase or another of a stubborn battle that began with the opening of the session the attempt to repeal the option law has met its final quietus in the senate. This means that for at least two years the value of the law will be tested in operation, and in that period the people of the state may fairly judge its merits. If what is almost daily taking place in some county or other continues we may reasonably expect that by the end of the present year the saloons will be abolished in all save perhaps half a dozen of the most populous counties of the state. Already more than one-fourth of the counties have voted under the county unit law to abolish saloons. About as many more had been made "dry" by remonstrance, prior to the operation of the county law. So that the condition in Indiana now is that more than half the counties are "dry," while many others are partially so. That the option law will be invoked in all "dry" counties where no election has been held is a practical certainty. The people of Indiana will test the law by its merits in operation. If it operates contrary to expectations, if it is found to be productive of evil greater than the evil it is purposed to remedy, the people will not be slow to condemn it. But the law is on the books and there, as it should, will it remain until experience under its operation condemns it. If it does for the state what it is expected to do, there will be no fault found with it.

There has been no popular call for the repeal of this law. The effort to wipe it out rested in part on a mistaken belief in the minds of some legislators that the last platform of the Indiana democrats obligated the party to repeal the law and in part and perhaps in the main on the aggressive interest taken by certain elements naturally hostile to the act. It is a most impressive fact that while the legislature has been considering these option repeal measures more than a score of counties have voted out saloons under operation of the very law that was the object of attack. In most of these counties the affirmative vote was overwhelming. In all of them it was decisive. In only one county has there been a negative majority. If these results be any criterion, and it seems to us they make a very safe criterion, to what call has this determined onslaught been the response?

The people of Indiana will approve and applaud those men in the senate who sustained the county unit law. Retention of the measure will be made occasion for very general rejoicing. When the law has failed of its purpose, should the dire prediction of those whose interests or predilections make them hostile to it ever be fulfilled, there will be abundant time to abolish the law and return to conditions which a great majority of the state's people appear just now expeditious and well pleased to abolish and escape from.

Governor Marshall has vetoed a bill that purposed to enable convicted persons in this state to enjoy immunity from imprisonment under proper bond during pendency of an appeal to high tribunals. It has been denominated the "rich man's bill," a very proper and expressive designation. It is urged in behalf of such a measure that it will prevent the injustice of imprisoning men whose conviction may later be set aside by a higher court. A few instances are cited in support of this view. The rich malefactor alone would get the benefit of such a law. The poor convict could not avail himself of its benefits because he could not in many cases furnish the bond. A convicted man of great means could and would fight to extreme lengths and in some instances successfully. Few innocent men are ever convicted. Even in the very instances cited in support of the bill vetoed by the governor the men released from prison by the supreme court were palpably guilty of the charges against them, but were freed by technicality.

Saloonkeepers will themselves largely determine how soon and with what aggressiveness the "dry" campaign is launched in this region. The saloon business as Fort Wayne knows it can make but a poor pleading for itself before the people. Let it be recalled that "wide open" Marion has just given a "dry" majority. And Marion looked as hopeless to the anti-saloon element as Fort Wayne does today.

Two years hence the general assembly of Indiana will not be attempting to monkey with the county option law. What the present repealers will be lining up against then is likely to make a noise a good deal resembling state-wide prohibition.

If William Howard Taft starts his administration by throttling the "Billy Possom" craze that threatens to supersede the "Teddy Bear" lunacy, it will be a great and popular beginning.

President Roosevelt is holding the fort right down to the last minute. And congress grins, bears it, looks dignified and feels silly.

DR. BULL'S WILL PROBATED.

Surgeon Leaves Nearly Half a Million Dollars to Relatives.

New York, March 3.—The will of Dr. William T. Bull, the surgeon who died in the south about a week ago, was filed for probate here yesterday. The value of the real property is given as $400,000 and of the personal property in excess of $50,000. A nephew, William T. Bull, receives $10,000. The remainder of the estate is to go ultimately in equal proportions to Dr. Bull's son and stepson, James G. Blaine, the third, both of whom are at present minors. Mrs. Bull is to receive the income of the estate during her lifetime.

COIN WAS GUARDED AT HEDEKIN HOUSE

It Was Gen. Samuel Curtis Who Founded Bank of Fort Wayne.

Much interest was aroused by The Sentinel's publication of the fact that a $5 bill of the old "Bank of Fort Wayne" has just been unearthed and is now in possession of Dr. J. A. Williams, of this city, and in this connection develops that the Bank of Fort Wayne was established in the 50's by Samuel Curtis, who later became a major general in the Union army during the civil war.

In this connection an interesting incident is recalled by E. G. Anderson, whose father then conducted the Hedekin house, at that time the leading hotel of Fort Wayne. Curtis came to Fort Wayne to establish his bank and brought with him a cash capital of $25,000 in silver coin. He had leased a room immediately north of the present site of the Dreier drug store, but it was not ready for occupancy, and with his bulky stock of cash on hand and no place to store it in safety, Curtis was in a predicament. He would not place it in the bank of a competitor, and until his own bank vaults were completed he stored the silver coin in a room at the Hedekin house and employed men to guard it day and night. Mr. Anderson, then but a boy and living in the Hedekin house, recalls that the coin was packed in twenty-five boxes, each containing $1,000, and every possible effort was made to keep secret the fact that the coin was stored in the hotel for several days.

The Curtis bank was in existence but a few months, when it went into liquidation and quit business in Fort Wayne.

of an aunt, Mrs. Mahala Kitselman.

RAZED BY AN EARTHQUAKE.

Village Near Jerusalem Shaken Down and 150 People Buried.

London, March 3.—Telegrams received here from Smyrna, Asiatic Turkey, says the village of Masran, near Jerusalem, has been destroyed by an earthquake. One hundred and fifty persons are buried in the ruins.

A dispatch of similar effect has heretofore appeared in Paris and it is believed the present report grows out of this publication, which, also, the first time, lacked confirmation.

HERBERT HANNA BREAKS ARM.

Herbert Hanna, son of Mr. and Mrs. S. D. Hanna, of East Berry street, is at the Howe Military school hospital in Lima, Ind., suffering from a broken arm which he sustained last Sunday afternoon while out strolling with a number of friends. With several others he climbed to the top of an eight-foot fountain, but the extra weight resulted in the upper stone piece giving way and young Hanna went with it. Those who saw the accident say that it is remarkable he was not under the stone when it fell. Mrs. Hanna is now at Lima.

POPE PIUS IS BETTER.

Rome, March 3.—Pope Pius is better of his cold and hoarseness, but he has not yet been permitted to resume his audiences, which probably will be suspended until next week.

ENGLISH QUEEN IS IMPROVED.

London, March 3.—The condition of Queen Alexandria shows some improvement. Cold from which she has been suffering, is gradually yielding to treatment.

HIGH GALE IN ST. LOUIS.

St. Louis, Mo., March 3.—A wind that attained a velocity of forty miles an hour, razed a two-story brick structure at 411 South Twelfth street, early today. Samuel Wolf, his wife and seven children, who were sleeping on the second floor, awakened when the timbers began to crack and escaped injury by a narrow margin.

THE JOURNAL OF A NEGLECTED WIFE.

What are the emotions of a wife who watches her husband's love slipping out of her life?

What soul-tragedy lies behind the composure of the wife who sets her husband free at his own request?

Does bravery or cowardice move the neglected, unloved wife to set her husband free?

Will that freedom, obtained at such terrific price, make for the good or ill of society?

Is it possible for one man to love two women equally, and not sacrifice the one love to the other?

These and many other interesting problems are suggested in a remarkable book issued by B. W. Dodge & Co., "The Journal of a Neglected Wife," price $1.10, written by Mabel Herbert Urner.

The great question in the mind of the public, reading this strange, this sometimes, tragic story of a woman's soul, laid bare as only a woman would dare to do it, will be, "Did the author live the experience of which she wrote? Is it possible for any woman thus to picture the agony of her sex, neglected, forgotten, unloved, unless she has passed through Gethsemane and drunk deep of the bitterest cup that can be held to the lips of a woman?"

And the author, a contented young matron of 27, answers that she has drawn this story from out the hearts of other women, from lives she has read as an open book, from the confidences of those who, suffering, have found relief in confession.

Duncan McLesh is in a very serious condition at his home at 626 East Wayne street and it is not thought he can live long.

WORST AFFLICTIONS OF KIDNEYS AND BLADDER OVERCOME

Trouble Readily Relieved by Simple Home Mixture at Small Cost.

To make up enough of the "Dandelion treatment," which is claimed to be relieving nearly every sufferer who uses it for backache, kidney complaint, sore weak bladder and rheumatism, get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon and three ounces Compound Syrup of Sarsaparilla. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

Those who have tried it claim that it acts gently but thoroughly on the kidneys, relieving backache and bladder trouble and urinary difficulties before you realize it. Many cases of rheumatism are known to have been relieved within a few days, the pain and swelling diminishing with each dose.

This simple recipe is said to strengthen and cleanse the eliminative tissues of the kidneys so that they can filter and strain from the blood and system the poisons, acids and waste matter, which cause not only rheumatism, but numerous other diseases. Every man or woman here who feels that their kidneys are not healthy and active, or who suffers from any urinary trouble whatever, should not hesitate to make up this mixture, as it is certain to do much good, and may save you from much misery and suffering after awhile.

ELECTRIC TALKS

No. 45

One Man Not Party Rule

No political party is responsible for the costly Commercial Lighting blunder of 1909.

That is the point made clear in Talk 44.

The successful candidate for Mayor at the last municipal election not only declined to stand squarely on his party's platform, but turned it into mere scaffolding, for purposes known apparently only to himself.

From this scaffolding he painted on the clouds—in water colors—alluring pictures of "the humblest taxpayer" helping himself to electric light out of the Municipal grab-bag.

Now that the clouds have dissolved, the deluded "humblest taxpayer" finds himself asking in vain for even sufficient street lighting to make the highway safe for wife and children.

Expecting bread he gets only a stone—and gets it in the neck.

As a member of the successful party "the humblest taxpayer" united in the platform demand for better street lighting. As the supporter of its candidate he was led to indulge in dreams of a day when, with streets and public buildings already aglow with electric illumination, he should indulge in his home in electric light "as cheap as water is now."

But never did "the humblest" or any other loyal taxpayer of Fort Wayne look forward to the time when public street lighting should be neglected for private house lighting, or the lighting interests of all be subordinated to the lighting interests of the few.

Whatever might be possible in the remote future, Commercial Lighting by the City was demanded by no party in its platform.

That it is not demanded at this time by the people and that practically all the people, outside of certain City officials and other interested persons, repudiate Commercial Lighting as utterly and dangerously untimely, is a truth that he who observes or reads the City papers can easily confirm.

However much an administration may stand upon its **POWER** and legal **RIGHT** to do a thing, it fails to justify itself with the community if the people are convinced that this thing is **AGAINST PUBLIC WELFARE.**

There has never been the least justification, by any vote, resolution or other act of either party or people in Fort Wayne, of a **SUBORDINATION OF STREET LIGHTING**—the lighting that makes the City safe for all—to the lighting of **PRIVATE** houses or other **PRIVATE** establishments.

In the face of this violation of the evident intent of our people today and of all who, for eleven years, have contributed to the funds for a municipal lighting plant, how are we to account for the obstinate insistence that the City be led into Commercial Lighting at the expense of progress in Street Lighting?

It may be enlightening to all of us taxpayers to find out just where the will of the people and the best interests of the City come into the political game.

Let us ascertain such facts as we can, now that we are studying the situation.

Read our next Talk.

Ft. Wayne & Wabash Valley Traction Co.

IN THE CITY'S CHURCHES

REV. J. F. VICHERT GAVE ADDRESS AT BAPTIST GATHERING

Northern Indiana Pastors and Laymen Met at Peru Today.

There was a notable gathering of Baptist pastors and laymen at a conference which opened in Peru early this afternoon and which will close with a mass meeting this evening. The opening address was delivered by Rev. John F. Vichert, pastor of the First Baptist church in this city. He spoke at length on "The Task of the Church," his address presenting the question, "Is there any special mission and task for the Baptist denomination; have the Baptists any special message to the world?" The address then discussed distinctive Baptist principles. A regenerate church membership, the principle of which is denied wherever Baptist regeneration or infant baptism are taught and practiced; absolute liberty of conscience which is infringed by infant baptism by creed subscription and obedience to churchly authority; separation of church and state; and unfaltering obedience to Jesus Christ and to the scripture. These were presented as cardinal Baptist doctrines and the preaching of these doctrines as the special task of the Baptist church. The speaker concluded by urging upon Baptist churches of this district the raising of every dollar of the share of the budget for missionary purposes apportioned to them.

Many of the Baptist churches in this section were represented by large delegations. Those who attended from this city were as follows: Rev. John F. Vichert, Mr. and Mrs. A. Z. Polhamus, Mrs. W. H. Polhamus, Misses Gertrude and May Polhamus, Mr. and Mrs. C. F. Bicknell, Dr. and Mrs. Christian Martz, Mrs. Martin F. Schick, Mr. and Mrs. Herschel Mauk, Edward Fairfield, Miss Dora Parker, Howard and Abbott Carter, Misses Mabel and Myrtle Carter, Mrs. Adams, Miss Laura Bradley, Mr. and Mrs. Charles Hood, Miss Anna Philley, Mrs. Penfold, Mrs. J. B. Pellens, E. G. Anderson, Mrs. Anna Cairns, W. A. Morton, and Mr. and Mrs. W. D. Smoot.

The meeting at Peru is one of a series of budget conferences being conducted in the northern states for the purpose of promoting the raising of funds for the payment of debts and the extension of missionary enterprises. Prominent among those engaged in the special work are: Dr. M. D. Eubanks, M. D., medical missionary who spent many years in China; Rev. P. S. Henson, D. D., who recently resigned the pastorate of Tremont Temple, Boston, and Rev. L. C. Barnes, D. D., also of the Hub city. This trio of mission workers, known as "The Big Three" in Baptist mission circles, are in attendance at the conference. They were heard at the conference this afternon, and will speak again at the evening session. No effort was or will be made in these meetings to raise money. It is expected, however, that sufficient interest will be aroused among the churches to lead them to contribute to their full apportionment.

Baptists of the northern states have three general missionary societies, the Baptist Home, Mission society and the American Baptist Publication society. These are all co-operating in a grand project to pay off their accumulated debts, provide enough money for their current work and give to each a small working capital. In this they have the backing of the Northern Baptist convention, which is the new national representative body of the denomination.

The budgets of these three societies, aggregating $1,500,000, have been apportioned among all the churches so that each church knows where its share is. Probably nothing has ever stirred Baptists like this effort. In large churches and small, in city and country, everywhere the Baptists are rising up with the determination to wipe out the debts of their great missionary societies and furnish them with money enough to carry on the mammoth work which they have in this country and abroad.

A general committee of seven, representing the whole denomination, is in charge of this campaign, the details in the several states being looked after by state apportionment committees. These include in their membership prominent business men, who are giving largely of their time to the carrying out of this big scheme in a systematic and businesslike way. It is expected that most if not all of the whole amount needed will be secured by the end of the financial year of the three societies March 31.

Baptists have always been known as great missionary people, but the number contributing to missions has been comparatively small. It was therefore decided to inaugurate the budget conference campaign and continue the work until every member comes up to the mark and makes a worthy offering regularly for the work of the missionary societies. The meetings have been attracting great attention, and the interest has been steadily rising. A gathering of churchmen and laymen, similar to the one in Peru was held yesterday in South Bend and was equally as well attended.

Apropos of the absence of Rev. Vichert from the city this evening, the mid-week prayer service will be in charge of Deacon William Carter. It will be a covenant meeting. At the consecration service, members will renew their covenant with the church, business matters will later be transacted and a number of new members will be received into the church.

FARTHER LIGHTS ELLECTION.

Baptist Young People's Society Chooses New Officers.

A well attended and most entertaining meeting of the Farther Lights society of the First Baptist church was held on Tuesday evening at the home of Mr. and Mrs. Charles A. Hood, 345 West Butler street. The annual election of officers was held, resulting as follows: President, Miss Minnie Adams; vice president, Miss Myrtle Carter; secretary, Miss Camilla Harrod; treasurer, Miss May Polhamus.

Mrs. Clara Grand was in charge of the program and vocal selections were rendered by Miss Ethel Grand. Mrs. H. W. Polhamus was chairman of hostesses and was assisted by Misses Gertrude and Laura Polhamus and Miss Dora Parker. Meetings are held regularly on the first Tuesday evening of each month. The next hostess will be Miss Myrtle Carter, of 124 East Creighton avenue.

* * *

MID-WEEK PRAYER SERVICES.

Wednesday Evening Prayer Meetings in Local Churches.

This evening at the First Presbyterian church Rev. Henry B. Master will finish the story of "The Romance of John G. Paton's Life." There should be a large attendance at this prayer service, which will be of import to all.

—

"Conditions of Successful Prayer," James 4:3, will be the topic of the prayer meeting talk to be given by Rev. J. Clair Leech at the service this evening at Westminster Presbyterian church.

—

Rev. Dr. Frank M. Fox will give a stereopticon mission sermon at the Third Presbyterian church at the prayer meeting this evening. His topic will be "China" and his sermon will be illustrated with seventy-five slides. Those who attend will be afforded a splendid opportunity to study not only the topography of China, but also to ascertain the missionary conditions and activities in the orient.

* * *

SUCCESS ATTENDS MEETINGS.

Revival Services in Progress at Rescue Home and Mission.

The evangelistic meetings in progress at the Fort Wayne Rescue Home and Mission, are increasing in interest and on Tuesday evening nearly every chair in the auditorium was occupied. The meeting opened with a prayer and praise service after which Rev. William T. Loring preached a powerful sermon. It was based on the text from Isaiah 1:18: "Come now and let us reason together, saith the Lord. Though your sins be as scarlet, they shall be white as snow; though they be red like crimson, they shall be as wool." His topic was, "God Reasoning With Man." In the beginning he dwelt upon the condition of man, a sinful nation, a people ladened with iniquity, a seed of evil doers, they have forgotten the Lord. Such he ascribed to be the existing conditions today. Continuing he said, "The ox knoweth his owner and the ass his master's crib; but Israel doth not know, my people doth not consider."

Rev. Loring strikingly exemplified the fact that men are blind to the goodness of God and to the effects of evil. That they are deaf to the voice of God and the appeals of His love and grace. It was shown that all men do not know God, therefore are not obedient to Him; that others unto whom many graces had been given turned aside to pursue their iniquitous ways. There was good singing at the service and four came forward to the altar. The evening meetings will hereafter be held at 7:30 instead of 7:45 o'clock.

* * *

AMONG THE CHURCHES.

Daily Record of Religious Society Meetings and Other Topics.

Rev. Charles A. Rowand, pastor of the First Methodist Episcopal church, who is attending the Fort Wayne district conference at Auburn, came home Tuesday evening to attend the official board meeting at his charge. It was the last official meeting of the conference year and Rev. Rowand was given a unanimous invitation to continue his pastorate at the local church.

—

The monthly meeting of the Mite society of the English Lutheran church of the Redeemer will be held in the church parlors on Friday afternoon. Section three will entertain. Supper will be served beginning at 5 o'clock. The class in catechism will meet on Saturday afternoon.

—

The regular meeting of the Ladies' society of Plymouth Congregational church will be held on Friday afternoon at the home of Mrs. A. Archibald, 921 Hanna street. Assisting hostesses will be Mrs. H. Michael, Mrs. J. Kidd, Mrs. N. E. Beadell, Mrs. M. Smith and Mrs. C. E. Banning.

—

The Senior Young People's society of Christian Endeavor of Plymouth church will hold a business and social meeting on Thursday evening at the home of the Misses Beaver, 921 Columbia avenue.

—

The ladies of Grace Reformed church will hold an all-day sewing session in the church parlors on Thursday. In the afternoon at 2:30 o'clock the Ladies' Aid society will hold a business and social meeting.

—

The ladies of the southeast section of the First Baptist church will enjoy a thimble party on Thursday afternoon at the home of Mrs. A. Z. Polhamus, 1305 East Creighton avenue. All ladies of the church are invited. Every member of the section is requested to bring a dish towel for the Ladies' society.

—

The Ladies' Aid society of Bethel Evangelical church will meet on Thursday afternoon at the home of Mrs. G. W. Miller, 315 East Creighton avenue. It will be the regular monthly business meeting at the close of which a social hour will be enjoyed and supper served. The hostess will be assisted by Mrs. W. G. Stahl, Mrs. W. W. Bicknel and Mrs. D. Gehring.

—

The Standard Bearers of the First Methodist Episcopal church will be entertained on Thursday evening at the home of Miss Gertrude Herrick, 2223 Broadway. All friends are invited. A district school entertainment will be a feature of the evening.

—

Mrs. George Cress, of 2205 Reed street, will entertain the Ladies' Aid society of St. Paul's Methodist Episcopal church at its business meeting and tea Thursday afternoon from 2 to 5 o'clock. The annual election of officers will be an important event of the meeting. Assisting hostesses at the meeting will be Mrs. A. L. Kniffen and Mrs. Lillie Stahr.

—

The Dorcas society of Trinity English Lutheran church will be entertained on Friday afternoon by Mrs. Henry Dornte, at her home, 430 Montgomery street.

—

The Woman's Missionary society of Westminster Presbyterian church will hold its annual meeting on Friday afternoon at the home of Mrs. S. T. Hulse, 705 West Berry street.

—

The Women's Foreign Missionary society of the First Methodist Episcopal church will be entertained on Thursday afternoon at 2:30 o'clock at the home of Mrs. Kirkwood, 348 East Wayne street. Mrs. John Hall will open the program with the devotional. The roll call by Mrs. Addie Matson will follow. The theme for the afternoon will be "A Gift Program." Mrs. Charles A. Rowand will lead.

—

Miss Mary E. Melton, who has been engaged in missionary work in Nagasaki, Japan, will address the meeting of the Women's Foreign Missionary society of Wayne Street Methodist Episcopal church, tomorrow afternoon. This meeting will be held in the evening instead of the afternoon at the home of Mrs. C. U. Wade, 333 West Jefferson street. It will be an open meeting and the gentlemen are invited to attend. The annual thank offering celebration will be observed at the meeting. Mrs. E. B. Gallagher will be one of the assisting hostesses, the names of the others having previously been mentioned.

—

The Woman's Foreign Missionary society auxiliary of Trinity Methodist Episcopal church will meet on Thursday afternoon at the home of Mrs. George G. Winning, Sherman and Fourth streets. Mrs. T. F. Ogier will be the assistant hostess.

—

The Spy Run division of the Ladies' Aid society of the First Methodist Episcopal church will meet on Friday afternoon at the home of Mrs. Josephine Oppenlander, 218 Fourth street.

A business and working meeting of the Ladies' association of Trinity Episcopal church will be held on Thursday afternoon at 2:30 o'clock at the parish house. Following the business meeting a short talk on the Emanuel movement will be given.

—

The Ladies' Missionary society of the West Jefferson street Church of Christ will meet on Friday afternoon with Mrs. McCormick, 2320 South Wayne avenue, instead of at the home of Mrs. Doyle as previously arranged.

FEEBLE OLD LADY

HAS STRENGTH RESTORED BY VINOL.

Mrs. Michael Bloom, of Lewistown, Pa., who is 80 years of age, says: "For a long time I have been so feeble that I have had to be wheeled around in an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs, and a cough would result. My son learned of the cod liver preparation called Vinol, and procured a bottle for me. It built up my strength rapidly, and after taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily. Every aged or weak person who requires strength should try Vinol. I am delighted with what it has done for me."

As a body builder and strength creator for old people, delicate children, weak, run-down persons and after sickness, Vinol is unexcelled. If it fails to give satisfaction we will return your money.

VINOL is sold in Fort Wayne by Meyer Bros. Co., druggists. Three Big Stores.

FAT MAN PROVES LIFE-SAVER.

Box of Dynamite Falls on His Stomach Without Explosion.

Montgomery, Ala., March 3.—A forty-pound box of dynamite fell over 200 feet into Zuber's stone quarry, near Gadsden, where sixteen men were eating during the noon hour yesterday and landed on the paunch of Otis Browne, the "fat man" of the county, thus miraculously saving his own life as well as those of his companions. A negro in carrying the dynamite up to a point above the quarry slipped and his burden flew over the ledge. Browne had eaten his dinner and was stretched out on his back to sleep when the explosive struck him and bounced harmlessly onto the ground. He was badly injured, however, by the blow, his side being torn and his stomach cut, necessitating an operation. Although a short man, he tips the scale at 260 pounds.

The fall in the Fort Wayne rivers grows more rapid every day. This morning they were at the 10.9 feet stage and every hour shows a big difference.

Is This Fair?

Certain Proof Will Be Made That Stuart's Dyspepsia Tablets Cure Stomach Trouble.

THIS EXPERIMENT FREE.

Stuart's Dyspepsia Tablets are made to give to the system, through the digestive tract and the stomach, the necessary chemicals not only to digest food, but to enrich the fluids of the body so that it may no longer suffer from dyspepsia or other stomach trouble.

We will send you a quantity of these tablets free, so that their power to cure may be proven to you.

Thousands upon thousands of people are using these tablets for the aid and cure of every known stomach disease. Know what you put into your stomach, and use discretion in doing so.

Stuart's Dyspepsia Tablets contain fruit and vegetable essences, the pure concentrated tincture of Hydrastis, Golden Seal, which tone up and strengthen the mucous lining of the stomach, and increase the flow of gastric and other digestive juices; Lactose (extracted from milk); Nux, to strengthen the nerves controlling the action of the stomach and to cure nervous dyspepsia; pure aseptic Pepsin of the highest digestive power and approved by the United States Pharmacopoeia.

One of the ablest professors of the University of Michigan recently stated that this Pepsin was the only aseptic pepsin he had found that was absolutely pure—free from all animal impurities; Bismuth, to absorb gases and prevent fermentation. They are deliciously flavored with concentrated Jamaica Ginger—in itself a well known stomach tonic.

Liquid medicines lose their strength the longer they are kept, through evaporation, fermentation and chemical changes, hence Stuart's Dyspepsia Tablets are recognized as the only true and logical manner of preserving the ingredients given above in their fullest strength.

If you really doubt the power of these tablets, take this advertisement to a druggist and ask his opinion of the formula.

It is due your stomach to give it the ingredients necessary to stop its trouble. It costs nothing to try. You know what you are taking, and the fame of these tablets prove their value. All druggists sell them. Price 50 cents. Send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

MEANS MORE NEW SCHOOLS.

Legislature Passes School Board's Bill to Allow Bonds.

The passing by the legislature of the bill framed by the local school board permitting the issuance of bonds up to 2 per cent. of the taxable valuation of the property in the city means that the hindrance placed upon the board in the way of improvements here is removed. With this law, $200,000 can be raised here and a large share of this money will be used in erecting new buildings.

Such a bill as has just been passed by the legislature was in force up to the last legislature, when another asking for permission to issue $150,000 additional bonds was asked for and granted, but later it was discovered that through an error the former bill had been repealed. As the bill referred to cities of the second class, it meant that South Bend and Fort Wayne were limited in their school bond issued to $150,000 instead of increasing it that much. The measure this session was husbanded by Representatives Roggen and Elliott, the latter of South Bend, and Senator Fleming.

Nasal Catarrh, an inflammation of the delicate membrane lining the air-passages, is not cured by any mixtures taken into the stomach. Don't waste time on them. Take Ely's Cream Balm through the nostrils, so that the fevered, swollen tissues are reached at once. Never mind how long you have suffered nor how often you have been disappointed, we know Ely's Cream Balm is the remedy you should use. All druggists, 50c. Mailed by Ely Bros., 56 Warrent Street, New York.

AMERICAN TELEPHONE AND TELEGRAPH CO.

Bell Stations Outnumber Independents' Nearly Two to One.

Boston—To the national government, working through the department of commerce and labor, belongs the credit for having finally determined the official facts in the long disputed question as to the relative size of the Bell and independent telephone interests of the United States.

The government figures for 1907 show 3,132,063 Bell stations and 2,986,515 independent stations or telephones. The independents have all along claimed over 4,000,000 stations, or fully 33 per cent. more than they actually have.

The government figures do not make any attempt to classify the independents as between "independent" and "opposition" companies. As a matter of fact, of the so-called "independents" fully 900,000, or 30 per cent., of the entire number form through sublicenses or service arrangements part of the comprehensive Bell system, but in all other respects are independent, self-controlling organizations. At present over 1,100,000 independents or about 40 per cent. of the total are thus affiliated with Bell lines.

With this very important adjustment made, an adjustment which the government statisticians obviously could not make, it will be found that instead of the Bell companies having but 145,000 more stations than the independents, the real figures are something like 4,000,000 for the Bell, against 2,150,000 for the independents, a ratio of nearly 2 to 1. The preponderance of Bell over independent stations may be better illustrated by the following comparison:

	1907	1902.	Increase.	Pct. Inc.
Bell system.	4,000,000	1,350,000	2,650,000	196
Indpend'ts	2,150,000	1,000,000	1,150,000	115
Bell excess.	1,850,000	350,000	1,500,000	...

In considering these figures, it should be borne in mind that the station statistics of the Bell and connecting systems are all a matter of record at a central point, due to the fact that the instruments used by the Bell system are furnished by the American Telephone Co. Statistics kept by the Bell companies are as precise as figures of railroad earnings. Instruments used by the Bell companies are all given out from one source and are identical in type of construction. Therefore, the statistics of Bell telephone stations are as reliable as balance sheets or any other financial records.

The relative public utility of the Bell and independent telephone interests is not measured by number of stations so much as by the fact that the Bell lines are one comprehensive and inter-communicating system operated under one general policy and connected with toll and long-distance lines aggregating nearly 2,000,000 miles in length. The independents on the other hand are scattered companies and for the most part small associations or co-operative groups, having with a few conspicuous exceptions no relation with each other and only limited connection by local toll lines. The instruments and apparatus come from 30 or 40 different manufacturers. There is no uniform accounting system and there is no temptation to make the figures any smaller than they actually are. Furthermore, some independents report telephones (a single instrument) while others conform to the Bell custom and report stations (two instruments.) To this extent the independents figures are unduly swelled, but there is no way of knowing how material this factor is.

The significant feature of the rapid telephone development of the United States during the last five years has been this quiet, steady affiliation with the American Telephone system of 900,000 independent stations. As a result, thousands of subscribers in the west have today what they have never before enjoyed—the advantage of connection with the only national telephone service in the country.

FREE

Until Cured

Announcement Extraordinary

We have located a permanent institute in Fort Wayne.

We desire to secure a few cases in each community within 100 miles of Fort Wayne. We want these few cases at once for advertising purposes. We want those cases that are incurable by ordinary methods. We want to prove what our system will do. To get these cases we are going to make the following

FREE OFFER

For a few more days we will give free examination and free consultation to all comers. Those cases which are curable by our system we will accept for treatment absolutely free of charge, except for the medicine used.

We treat diseases of the Nerves, Blood, Skin, Heart, Liver, Stomach, Kidney and Liver, including Rheumatism, Paralysis, Neuralgia, Loss of Nerve Force, Goitre, Constipation, Catarrh, Epilepsy, Indigestion, Dyspepsia, Weak Back, Bloating, Dropsy, Syphilis, Eczema, Scrofula and Diseases of Women and Diseases of Men.

To prove to you that chronic Diseases are our life study, and that we know the human body to the most minute detail, we will undertake to diagnose any case, in a few minutes, describing every ache and pain, without asking the patient a single question. To aid us in diagnosis we have wonderful instruments of our own invention, used by no other doctors.

We make no failure—we can't afford to. We accept for treatment only curable cases, and take no money from those that are incurable.

If you have any chronic or long standing trouble, call at once and take advantage of this grand free offer.

CONSULTATION IS FREE

Dr. Barney & Co., are located at 136 West Wayne street, Fort Wayne, Ind. Office hours are from 9 a. m. until 8 p. m. Sundays, 10 to 12 only.

Do Children Need Alcohol?

Ask your doctor how often he prescribes an alcoholic stimulant for children. He will probably say, "Very, very rarely." Ask him how often he prescribes a tonic for them. He will probably say, "Very, very frequently." Then ask him about Ayer's Alcoholic Sarsaparilla as a tonic for the young.

J. C. Ayer Co., Lowell, Mass.

SOCIETY

An informal little company as delightful to the guests as though they had spent days in anticipation, was the one at which Mrs. Henry Colerick, of 1212 West Berry street, presided this afternoon in honor of Mrs. Daniel Bash, of Indianapolis, who is visiting her mother, Mrs. Mary Keel. Relatives and a few personal friends of Mrs. Bash were the guests. The ladies took their sewing with them and were served a delicious luncheon later in the afternoon.

* * *

A small party of yesterday afternoon, which was particularly pleasing in decorative effect, was given by Mrs. Jules Simon, of Brackenridge street, in honor of her cousin, Mrs. Frederick Wier, of Chicago, and two visitors, Mrs. Gus Schilcher and Mrs. Theodore Wester. Blooming plants, including the cinnerara decorated the living-room where cards were played and at supper, which was served in the dining-room, the guests found corsage bouquets of English violets, while jonquils and yellow shaded candles aided in the prettiness of the affair.

* * *

Mrs. Hugh M. Beaver is in Seville, Ohio, visiting her parents.

Mrs. W. J. Craig, of Decatur, is visiting her son, Homer Craig.

Mrs. William Miles has returned from a week's visit in Lima, Ohio.

Mrs. B. W. Skelton is in Toledo, O., visiting her daughter, Mrs. A. W. Payne.

Miss May Sheridan, of Webster street, has returned from a week's visit in Chicago.

There will be a pupils' recital of the European School of Music in the rooms tomorrow evening.

Mrs. Josephine Page Wright has a poem entitled "The Call," in the current number of "Midland" magazine.

Mrs. R. A. Bradley has returned to Indianapolis after a visit with her parents, Mr. and Mrs. Chester Durnell.

Mrs. Van Eteen and daughter, Margaret, of Sidney, Ohio, arrived today to visit Mr. and Mrs. James B. White, for a few days.

Mr. and Mrs. C. G. Pape, of Cass street, have returned from Cleveland where they attended the automobile show for a few days.

Miss Mabel Homsher will entertain the members of a five-hundred club to which she belongs, and a few other guests tomorrow evening.

Miss Eva Smith, of South Calhoun street, entertained the Alpha Omega members last evening at a "spread." Red roses and ferns decorated the supper table.

Mrs. Guy Bassett has returned from a visit with Mr. and Mrs. John Bassett, in Orleans, Ind., and Mrs. John Hanna left Saturday for a visit in the same place with her parents, Mr. and Mrs. Bassett.

The Tuesday Pedro club met with Mrs. A. J. Vesey this afternoon. The club is planning to have a guest meeting next week at the home of Mr. and Mrs. A. Fueiber. It is to be a shirt waist party, and one feature of the gathering will be the ladies all dressed in shirtwaist dresses.

The Sans Facon club members were entertained this afternon by Mrs. E. N. Detzer, at her home in Broadway. On last Saturday evening the club members and their husbands played five-hundred at the home of Mr. and Mrs. Otto Scheumann, of West Suttenfield street, and enjoyed a pleasant time.

The members of the A. O. B. P. club held a business meeting at the home of Jerome Werstein last evening and decided to hold no social meetings until after the Lenten season is over. There were present these members: Arthur Mills, Vincent Shea, George Lamboley, Donald Mungovan, Norwood Markey, Leo Kahoe, Earl Laughlin.

Mrs. James Burns, of Masterson avenue was hostess for the Hollywood club on yesterday afternoon. The members of the club are Mesdames Cook, Schuler, Ugenard, Adkins, Casso, Steib, Keller, Burns, Dail, Hershfelder, Brindle and Hobrock. The prizes were won by Mrs. Schuler, Mrs. Casso and Mrs. Steib. At 4 o'clock a fine luncheon was served.

Miss Helen Hall entertained the R. B. club at her home in South Harrison street last evening. There were present Misses Cadda Klingman, Grace Bennett, Emma Kouder, Mabelle Mellotte, Helen Wilkie, Nettie Brubaker and Charles Hirschmann, Harry Brubaker, Stanley Petrie, Ed Hall, James Bennett, Ed Kouder, Ervin Moore. Miss Helen Wilkie will be the next hostess.

A pleasant surprise party was given in honor of Walter Metker at the home of his parents, 713 Washington boulevard east, last evening. Cards were the entertainment and prizes in the games were won by Robert Brewer, Dale Enyart and Bernard Gotta. The guests at this merry little party were Dale Enyart, Robert Brewer, Carl Miller, Lawrence Neher, Bernard Gotta, C. Von Allen, Wellington McPhail, C. Lauer, C. Gaylor and Clem Neher.

Virginia, the younger daughter of Mr. and Mrs. Clark Gifford, celebrated her sixth birthday anniversary yesterday afternoon by having as her guests at a little party her classmates in the kindergarten room of the Jefferson school. Miss Emily H. Griswold and Miss Hilda Spiegel, both teachers of the department, helped Mrs. Gifford in arrangements for kindergarten games and songs. There were forty children present and they enjoyed the good time, including a fine supper with the regulation birthday cake with candles burning on it.

* * *

Country Party.

Mr. and Mrs. E. D. Wass, who live five miles southeast of Monroeville, entertained on February 25 for their daughter, Miss Gladys, in honor of Miss Marie Harden, of Bluffton, Ind., who was visiting at their home. Various games were indulged in, the chief amusement being a contest. Refreshments were served. Those who participated in the hospitality of Miss Gladys were the Misses Monema Fleming, of Decatur, Ind.; Marie Harden, of Bluffton; Lela Shafer, Nellie Barkley and Messrs. Earl Barkley, Arthur Johnson, Verne Shafer, Rexford Wass, Lester Barkley, of near Monroeville, Ind., and William Johnson, of Decatur.

* * *

A Country Party.

Miss Frances Oddou and Miss Driftmeyer gave a 'bus party at the home of John Eggeman, who lives eight miles west of the city, on the Illinois road, the first of the week. Besides the amusement of games and music there was a fine supper which all enjoyed. The participants were Misses Delta Thomas, Leone Girardo, Della Lepper, May Mennewisch, Sophia Wille, Mary Johnell, Alice Aman, Ethel Follis and Messrs. Ray Lee, Charles Lee, Elmer Maneer, Pat Griffin, George Driftmeyer, Maurice Elder, Clyde Woodworth, Oscar Shusta, Harry Snyder and John Hengler.

IN THE THEATERS

"THE GIRL AT THE HELM."

Probably there was little "thinking" done by anyone in the audience that packed the Majestic theater last night from top floor to the orchestra pit, Billy S. Clifford, the comedian of "The Girl at the Helm" company, did that. And that "thinking" remark was also the cleverest line in the piece, which is not above the ordinary. But the presentation of the comedy was all that people expected. Many chorus girls in varied gay costumes, some clean and some reminders of a little boy's jumper suit after he has played all day out of doors, red wigs, black wigs and golden wigs, to say nothing of the list of intermediary shades of hair, a very extensive, elaborate, glittering stage setting with a taking illusion of a motor boat race, a snow storm, a fire and several other brilliant electrical effects, a finely drilled chorus that moved with precision and rapidity, and some entertaining principals made up the show. That the audience had what it wanted and liked it was evident from the continual applause that followed, not alone performances of individuals and features of the entertainment, but the close of the first act. Mr. Clifford is a lively comedian with a laugh that the audience at once tries to imitate and a very evident knowledge of how to be funny. There was a plenty and some to spare, of life and vim in the performance. Miss Maud Lambert, the real singer of the company, has a rich, melodious voice and a fine stage presence. The real countess, Olga Von Hatzfeldt, who plays the part of "Minerva," costumes the role beautifully, sings well and is one of the pretty ones to look at of a company of good looking girls. Miss Florence Martin looked both pretty and refined and acted that way, while Leo Hayes, as Collins, the erstwhile bookmaker, and Robert G. Pitkin (remembered in early performances of "Way Down East,") contributed a fair share of the fun of the performance. There were a number of novelties and dancing was not a feature of the entertainment, which in itself was an agreeable change.

* * *

"The Melting Pot."

Israel Zangwill's latest play, "The Melting Pot," direct from a record run in Chicago, where it proved to be the dramatic sensation of the year, comes to the Majestic on Friday evening with Walker Whiteside in the leading role. Mr. Zangwill has been a most prolific writer. Among his best known works being "The Bow Mystery," "Children of the Ghotto." "The Master." "A Rose of the Ghetto." "The People's Saviour." "The Maker of Lenses," "Dreamers of the Ghotto." "They That Walk in Darkness" "The Mantle of Elijah," "Blind Children," "Ghetto Comedy," "Merely Mary Ann" and others. Many plays in recent years have been hailed as the great American drama. They have been of the east, of the west, of the south and of the north. But it is said that there has been no play produced which is so typical of America, of its virility and its marvelous development, that has satisfied the public, and yet was the great American play, unless "The Melting Pot" is the one. Some have said that it is.

* * *

Tomorrow afternoon's matinee will bring to the Majestic stage again the members of Our Own Stock company in "Hello Bill," the fast farce which kept the audiences roaring during the earlier part of the week. Although the plot is somewhat more unreasonable than that on which "Charley's Aunt" and "What Happened to Jones" are built, the audiences seem just as thoroughly pleased with it. The play will be given twice tomorrow, as well as on the matinee and night of Saturday.

* * *

William Morris and Robert T. Haines will be two of the noted members of the Olga Nethersole company when that great emotional actress appears at the Majestic in "The Writing on the Wall," a new play written by William J. Hurlbut.

* * *

Charles Frohman will present Francis Wilson and fine company in "When Knights Were Bold" at the Majestic on Wednesday, March 17. It will be one of the fine attractions of the season.

Mr. and Mrs. Charles Stier, Mr. and Mrs. J. K. Ross, Mr. and Mrs. Lee Kitselman, Mrs. John W. Anderson and son, Robert, and Miss Ethel Seaney, went to Muncie yesterday in the private car, Lawton, to attend the funeral of an aunt, Mrs. Mahala Kitselman.

A supper will be served tomorrow afternoon and evening at the home of Mrs. H. C. Zollinger, 110 West Superior street, for the ladies of S. W. Stirk circle and their friends. A cordial invitation is extended to friends interested in the work of ladies connected with the G. A. R.

Three Piece Suit For Girls

(By Mrs. Jane Ford.)

3 SIZES 14-16-18 YEARS

Dame Fashion has not forgotten to provide for young girls, for she offers youthful models in the fashionable three-piece suits that are so much liked by grown-ups. The pattern for the one illustrated is cut in three sizes for girls from fourteen to eighteen years of age. The larger sizes are also suitable for small women. To copy this dress for a girl sixteen years old requires nine and one-quarter yards of material twenty-seven inches wide, or seven and one-quarter yards thirty-six inches in width.

For school, a dress of this character will be indispensable.

The plain frock has a five gored skirt joined to the waist, which fastens at the back. It can be worn with a guimpe specially made for the purpose, or partly worn lingerie waists may be brought into service.

A simple braid or embroidery design may be worked out on bands of silk and used to ornament the waist. If a similar form of trimming is employed on the collar and lower edge of the sleeves of the coat the effect will be pleasing.

The coat of this costume is so simple to construct that even the most inexperienced sewer need not hesitate to attempt it. Cut as it is without a lining, it requires no special knowledge of tailoring to finish it satisfactorily.

This suit would be particularly effective developed from woolen or linen in a pretty shade of Copenhagen blue and trimmed with bands. Collar and cuffs of white braided with narrow soutaches in a blue that matches in color the material of the dress would be smart. Some girls may not care for the coat, but would like the dress for school.

So for this purpose some of the soft clinging weaves of cashmere, henrietta or challis will make up satisfactorily, and can be worn either with guimpes of tub material or with those of soft silk tucked.

BEDFORD MURDER TRIAL.

State Holds Capshaw Was Slain for Money He Possessed.

Bedford, Ind., March 3.—The trial of Pritchett and Cain, charged with the murder of Joseph Capshaw, is attracting unusual attention and the court room and galleries are packed with interested spectators. Not since the trial of Jim McDonald for the murder of Miss Sarah Schaefer has there been a case which has attracted such a large crowd.

The prosecution is undertaking to show that Capshaw was murdered for money. Mrs. Decoursey was the most interesting witness yesterday. She says that Capshaw had as much as $300 of her money at one time for safekeeping and that she had given him $100 the day before the murder, and that some of this money was found in possession of the defendants immediately after the disappearance of Sapshaw.

One of the jurors, John Bright, was taken ill and a recess was necessary on this account, as fears were entertained that he was a very sick man, but he was able to resume duty this afternoon.

SAY THEY ARE NOT SCARED.

Liquor Dealers' Association Making No Plans Here.

One of the officials of the local Liquor Dealers' association is responsible for the statement this morning that the association is not making nor has not thought of any definite plans to block the temperance wave. He further said that there is no direct cause for fright here as it is the belief that Allen county will be one of the last four or five to vote on the liquor question. Continuing, he said: "We have a very good organization here and but for the fact that there are so many of the lower class of saloonists in the city we would not have to fight. If this county ever does go "dry" it will be due, I believe, to this class, but we will all have to suffer with the bad."

GIBSON DOG TAX IS BIG SUM.

County Shown to Have Full Share of Canines by Returns.

Princeton, Ind., March 3.—That Gibson county has her full share of dogs is shown by the fact that yesterday the township trustees turned over to the county auditor the sum of $2,271.40 as the amount due the tuition fund from dog tax collections. As the average expenditure of the trustees was $200 each for stock and fowls killed by the dogs and the further fact that each trustee held in reserve for his township $100, it will be seen that the county's dog tax is no small item. It amounts to about $5,000 annually.

PHONE WAR STIRS TIPTON.

Town and Country Systems Wrangle and Cut Off Service.

Tipton, Ind., March 3.—A telephone war of a new character is on at this time between the Tipton Telephone company and the independent systems of the county, five in number. The Goldsmith company disconnected its service on all county right lines of the local exchange, and the others, after several meetings, will follow suit in the event the Tipton company does not make concessions. The ultimatum has been given and after a stated time there will be toll charges for any calls outside of Tipton unless terms are complied with.

STOLE TO HAVE A GOOD TIME.

Paroled Youth Will Be Sent From Frankfort to Reformatory.

Frankfort, Ind., March 3.—Perren Gibson, aged 18 years, a paroled reform school inmate who had been out only a short time, was arrested last night on a charge of larceny. Gibson broke into the Lewis grocery store about a week ago and stole $12 in cash. When arrested he confessed and said he stole the money that he could show his friends a good time. He was placed in jail and the reform school authorities notified.

GLUTEN BREAD.

Dissolve half a compressed yeast cake in four tablespoonfuls lukewarm water. Then add a teaspoonful salt, two teaspoonfuls softened butter and enough gluten flour to make a stiff batter. When well mixed, beat in the whites of two eggs and let rise until light. When light add enough more gluten flour to knead the loaves, taking pains to put in no more than necessary. It should be as soft as is possible to handle. Put in greased pans, let rise until light, then bake in a moderate oven about forty-five minutes.

BANNOCKS.

Sift together one pint of corn meal, one tablespoonful of sugar and one teaspoonful of salt. Pour over sufficient milk or milk and water to moisten. Let it stand until cool, add three well beaten eggs, spread half an inch thick on well greased pans and bake in a hot oven. Cut into squares, split and serve hot and well buttered.

"There's a Reason"

The Signing of Elston Causes Much Worry in the Central League Circuit

GRANT'S GROUCH IS CAUSING HIM TO PRATE

Purchase and Signing of Elston is Sore Spot With Him.

South Bend, Ind., March 3.—Grant's grouch is causing him to prate a bit about things in general in the league and the fact that Fort Wayne has signed Curt Elston after his purchase from the Chicago Americans while the local manager has been unable to corral any of his high-salaried men is one of the sorest spots the little fellow has had to nurse since he broke into the Central league.

Danny Sheehan's contract has been returned with a letter, in which the little brick top takes the salary limit as a joke and says that this is sprung annually upon the players and that as soon as the managers think they have had their yearly fling at this hoary and revered piece of comedy his agreement can be returned to him with figures properly adjusted at a point a half century mark above the monthly stipend of $200 and he will affix his John Hancock.

Eddie Smith things that inasmuch as he pulled down $225 every month he pitched last season for the Benders he ought to be worth as much this year, and he thinks the magnates have been real mean in dealing with the players, and for that reason he is holding out and making the same kind of bluster and noise that every player thinks incumbent upon him just about signing time every spring.

George Tieman has taken time to drop in upon the manager and express great regret at being unable to see why he should play for less than he raked off last year, and Kurke has not said anything, but refuses to place his signature at the business end of the document mailed to him along about the first of the month. Of course, there are a few others who want a little more money than was offered them, but they are not so very important. Still, the whole affair is bothering Grant and has given him a grouch.

Ordinarily the South Bend manager is an urbane, gentlemanly little fellow, but just say Fort Wayne and no maddened bull ever tore at a red flag with more blood in his eye than the mere mention of the city brings to the optics of Angus A. Grant.

He is under the impression that he won the pennant the first year of the Central league's career, and that some queer counting at the meeting following the close of the schedule sent the bunting to Fort Wayne. This has stuck with him ever since and it is a matter of record that he has never lost a game in Fort Wayne from that time on that he has not protested before he got into his citizen's clothes.

Next year he wants to trim Fort Wayne. He figures that if he can line his men up and Jack Hendricks has trouble with his best players his chances will be increased. On the other hand, if he loses any stars by reason of not being able to come to terms with them and Varnell and Hendricks go right ahead and pay a few fancy salaries in order to get a strong team together he will not have a chance left. This is probably the true and real reason for his howl about Elston. With this hard hitter in the outfield, Fort Wayne will be strong, and as soon as it was announced here that he had been taken into the fold Grant began to talk and to charge that the salary limit is just what Danny Sheehan said it was.

Anticipating trouble, Grant has been skirmishing at a lively rate among the young players and as he is an excellent judge of talent he has a line on some excellent prospects. When Bert Annis took the team he told Grant to go ahead for the first year and develop a team strong enough to win the pennant the second year of the new ownership, and he wants to come home with the bacon.

For some reason or other he seems to fear Fort Wayne, and has his ear to the ground continually for news from there about the signing of players. This is the kind of feeling that makes good base ball and local fandom is encouraging it. When Fort Wayne was dropped from the circuit South Bend was left without a bitter rival and things were a little dull during the playing season, but now it is different and both clubs are loading up good and strong.

STREET TO TRAVEL ON "WAGON."

Cantillon Puts Special Clause In Star Catcher's Contract.

Memphis, March 3.—Charlie Street, the Alabama boy who distinguished himself by catching a ball thrown from the top of the Washington monument, has signed what he refers to as a "sliding" contract with Manager Cantillon of the Washington Americans, and left his home in Tuscumbia today to report to the team at the Galveston training headquarters. Street explained that his new contract called for $800 bonus in event he goes through the championship campaign on the water wagon.

JEALOUSY CAUSE OF TALK ABOUT THE SALARIES

Terre Haute Too Slow To Land Elston In Spring of 1908.

It is highly probable that if Terre Haute had been in position to take advantage of an opportunity to secure the services of Curt Elston last spring all this idle talk about the shivers that are climbing "Louie" Smith's spine because he is afraid Claude H. Varnell and Jack Hendricks will exceed the salary limit could have been avoided and the directors could have given their entire attention to the business of the league at the meeting next Monday without having to untangle a snarl that has accomplished nothing more than to reflect upon two men who are adhering strictly to the promises made at the January gathering when the salary limit of $200 was fixed.

The story is this. The Cubs were in Terre Haute the day before they were slated for an exhibition game here last April and Elston was offered to Smith for $500. Although Mr. Smith was the president it was necessary for him to call all the directors together before he could separate the club from the enormous sum of $500 and by the time he had done this and the matter had been thoroughly discussed Elston had been bought and paid for and had his name signed to a Fort Wayne contract.

Elston wanted $300 a month to play at Terre Haute and nobody can blame him for that because it was worth that much money to go through a season on a team with Lew Drill at the head of it to say nothing of the obligation to play ball now and then. He didn't get anything like that figure here nor has he demanded any such amount for this season. Copies of his contract are on file with President F. R. Carson, of the Central league, and Secretary John H. Farrell, of the National Association of Baseball leagues, and the Terre Haute magnate has the privilege of seeing either of the copies whenever he wants to.

Varnell is keeping mum about the matter, but he will probably call it up at the Terre Haute meeting to square himself with any of the team owners who may be foolish enough to believe that he has gone right out and fractured a rule that he helped to make and has broken faith with the men to whom he is bound by the closest ties of business and friendship.

Elston's contract for 1909 does not call for a salary that will exceed the league limit. True, he is as good and probably better than he was last season, but he has worked a year for the local management and he knows just what kind of treatment to expect and he likes Fort Wayne, two things that have figured largely in his plans for next year. He did not want to go to the major leagues this season because he wants to be in position to stick the next time he goes up and he knows of no better place in the minor leagues to get the experience that will help him than right in Fort Wayne under a manager who knows every point of baseball and who is capable of giving his men the advantage of his knowledge.

Varnell did not talk to Elston last spring until Manager Frank Chance had told him the Terre Haute deal was off and he was not five minutes in completing the deal. The fact that the Fort Wayne owner has not asked a local paper to answer the charge of bad faith made against him indicates that he is treating it lightly and that he feels no uneasiness about the matter.

Then there is another safe bet. Frankie Donahue and Frank Lindsay will report to Fort Wayne and neither of them will get a cent over the salary limit of $200 a month. Both are holding out and both want more money, but they will not get it and as soon as they realize that it's play for that or take chances on not playing at all they will get into the fold and will not draw any more monthly than was offered them when the contracts were first sent out.

Figuring from the fact that the local management has not announced the receipt of any contracts it is likely that the colony of holdouts has not been reduced and that the men are carefully conning their agreements and trying to get all they can for playing ball next season.

DONLIN NOT TO BE AN OUTLAW.

Captain of Giants Turns Down Offer to Play in Chicago.

Syracuse, N. Y., March 3.—Mike Donlin, the Giants' crack right fielder, emphatically denied today that he signed with a Chicago outlaw team.

"I do not expect to play ball this season," Donlin said, "although I should like to play. I like the game and I like to play for the sport, but I do not like to donate my services. I have written to Brush and told him it was final that I stood out for more money. He replied and said he could not pay it. I therefore do not look for them to renew their offer at any terms.

"I have under consideration a vaudeville contract with my wife, which if we sign will take us up to July 1. If we do, then we'll take a little trip. I would rather play ball, because I realize what a season of baseball would mean to me on the stage next winter, but, as I said, I do not expect that they will come to my terms. I do not feel that I have dumped the team, as they knew last fall I stood out for more money and they have six or eight outfielders."

"IRON MAN" NOW A REAL MOGUL.

Joe McGinnity Buys Newark Club of the Eastern League.

New York, March 3.—Joe McGinnity is now a full-fledged baseball magnate. He bought the franchise of the Newark, Eastern league team yesterday, and has already begun to make plans for the coming season. The iron man got in yesterday morning from Marlin Springs, Texas, and at once started negotiations with an agent of George Stallings, who held the franchise.

A Chicago man put up the $30,000 paid Stallings and will be a partner in the enterprise. McGinnity will manage the team and will be one of its regular pitchers. Wolverton, who was recently appointed manager of the Newark outfit, will probably be turned loose.

TOLEDO TAKES LEAD IN THE TWO-MEN EVENTS

McCormick Drags Partner With Him Into the Top Position.

Pittsburg, Pa., March 3.—Toledo backed up its good work in the five-men late last night in the ninth tournament of the American Bowling congress by posting a row of new records in the minor events yesterday, the visitors showing considerably better on the alleys than the local men. Only one of the leaders in the three events now remain in the lead. John Locks still topping the singles with his 597. The Webers of Toledo head the main event with their 2,686, while a new leader cropped up in the doubles yesterday afternoon in Joe McCormick and John Daly of Toledo, with 1,161.

McCormick, who is a son of the national executive committeeman from Toledo, showed great class in his work, posting the first double century average on the new drives in Duquesne Gardens with 602, dragging his partner Daly along with a 559 total. McCormick traveled a fast clip in the last game with 234, the high record of the present meet.

The young Toledo star also showed well in the singles and for a few minutes had Locks' work surpassed, but a split in the ninth frame of his last game cut him off with 580, eight pins below the leading mark. Fred Ludwig, a local bowler, had a grand chance to land a big series with a start of 207 and 202, but he drew three railroads in his last game and wound up four pins behind McCormick in third place.

Only local bowlers were scheduled on the last squad of the night and scores were low. Scores:

WHITE SOX BEGIN PRACTICE.

San Francisco, March 3.—Comiskey's crew of White Sox began their practice season for 1909 with two sessions at Recreation park yesterday. They opened the ante-league grind under fine weather conditions, and if the brand of sunshine that was on tap yesterday sticks for the remainder of the team's stay in Frisco there will be no excuses offered if the athletes are not in the best of form by the end of a fortnight.

Just before the team was ready to start for the local grounds this morning Charley Cravath, the outfielder secured from Boston, and Pitcher Harry Suter, last year with the Frisco team, reported to President Comiskey. They were taken in tow by Captain Billy Sullivan and joined in the practice stunts with the rest of the players.

STIFF NECK.

Stiff neck is caused by rheumatism of the muscles of the neck. It is usually confined to one side, or to the back of the neck and one side. While is is often quite painful, quick relief may be had by applying Chamberlain's Liniment. Not one case of rheumatism in ten requires internal treatment. When there is no fever and no swelling as in muscular and chronic rheumatism, Chamberlain's Liniment will accomplish more than any internal treatment. For sale by all druggists.

DERMOTINES TAKE A SERIES AT ST. MARY'S

Centrals Make a Bid For Last Game But Fall Short of Victory.

The Dermotines had easy sailing in the two first games of the series against the Centrals at St. Mary's alleys last night, and although the losers made a bid for the third they fell short a few pins and dropped all three of the battles. In the opener the winners performed in excellent style and some good scores were made. Leo Alerding rolled 214, which was the best score of the evening, although Rager beat him for average. Jack Heiney copped the top figures for the Centrals. The scores:

GRAND RAPIDS GIVES BASE BALL BIG BUMP

Council Passes An Ordinance Attaching $100 License Fee.

Grand Rapids, Mich., March 3.—"That isn't a license, it's a $100 fine for playing baseball in the city of Grand Rapids," is the way Alderman John Fallon expressed himself last night after the council meeting at which the ordinance was passed which made the payment of this sum obligatory upon every club playing in Grand Rapids this season for which admission was charged at the gate. Throughout Alderman Fallon was most decided in his opposition to the ordinance and was the only one who voted against it. His views on the subject after the session are interesting.

"I have always believed in baseball and other sports. They help the city and are a big advertisement. Here Mr. Brotherton has bought the club and we can see by the work that is being done that he wants to give us a good team. He should be encouraged instead of hindered in this work. I do not believe the ordinance is in accord with the wishes of the citizens of Grand Rapids who favor the game, and that is why I opposed it from the start. I do not believe the ordinance would stand were it put to a legal test."

At any rate it becomes settled by the passing of the ordinance that the city will have the sport under its control this season. While the assessment of $100 is going it pretty strong, the other requirements are not far from the ideas of Owner Brotherton in regard to the policing. He has given his word that the residents of the section near Loyalty park will be well looked after as well as the spectators and there will be plenty of police to see that order is maintained.

As there could be no license charged for playing the game at Ramona park the question now arises as to whether Owner Brotherton considers the Loyalty park property to be so far better than the lake that he will decide to play his games there. Ramona won't be affected inasmuch as it is outside the city limits.

Brotherton is adverse, however, to playing at the lake, but said upon his last visit here that he would not make any decision until he had a better opportunity to investigate the existing conditions in the city. He will probably come to the conclusion that Loyalty is more desirable however, and will agree to pay the $100 license.

As independent conditions are in Grand Rapids now there will be no effect on these players. At present they are all playing the games for which they charge admission at the lake. However, there are a couple of enclosed independent parks that are proposed, and the passage of the ordinance will probably put a crimp in them.

JEFFRIES FINDS A GREAT THRONG WAITING

Retired Champion Greeted By 4,000 People in New York.

New York, March 3.—James J. Jeffries was accorded a remarkable demonstration on his arrival here today. A crowd of nearly two thousand people gathered at the Grand Central station and cheered the pugilist as he made his way to a carriage.

Jeffries was accompanied by his wife and sparring partner, Sam Berger.

Long before the Twentieth Century, on which Jeffries and his party were traveling, drew into the station a throng of people gathered in Forty-Second street and special police were sent for to rope off the station platform. As the big former pugilist was seen alighting from the train the crowd, massed behind the ropes, gave forth a loud cheer. The platform was filled with Jeffries' friends, who gave him a cordial reception.

Jeffries appeared to be in good physical condition notwithstanding he has been four years out of the ring. His eyes were clear and bright and he said he believed he could reduce to normal fighting weight in time. The pugilist said:

"I have been training lightly for several weeks and have reduced my weight to about 245 pounds. Each day I find I can box faster than the day before, and I am delighted to find that my wind is in good shape. I feel first rate but I can't say definitely whether I will again enter the ring or not. I have been out of the ring four years and that may make it impossible for me to attain strict championship form again."

Another crowd gathered around the office building where Jeffries went on his arrival here and the police were called to clear the thoroughfare.

DID NOT COMMIT HIMSELF.

Jeffries Departed for the East to Fill Engagements.

Chicago, Ill., March 3.—Jim Jeffries departed for New York yesterday over the Lake Shore Limited without committing himself on what terms he would require to meet Jack Johnson. He repeated, however, that if he ever did step in the ring with the colored boxer he would win.

Jeffries was accompanied by his wife and Sam Berger when he left. He said that he intended to keep on with his training and Berger will help him out in the matter of conditioning, as he knows how to make the big fellow work.

NEXT SATURDAY
"Fort Wayne's Greatest Newspaper"
The Sentinel
Will again give to its readers a feast of good reading, such as will be found in no other Indiana newspaper. Look over the list of special pages, pages written by the best writers known to the literary world.
Here are some of the good things that THE SENTINEL will contain next Saturday:

ANOTHER OF THOSE POPULAR TRUE DETECTIVE STORIES
"THE TAN YARD CASE,"
BY
RICHARD LINTHICUM.
"Jack" Shea, the famous ex-chief of the Chicago Detective Bureau, the man who handled the Haymarket Anarchist case, also solved the mystery of the "Tan Yard Case," by the use of what he designated as his "Sixth Sense," and defined as "Common Sense." An unknown man was found in a Chicago park, dead, his throat cut and lying face downward in a shallow lake. On the bank was found the knife with which the deed was committed. "Suicide," was the verdict of the police. By a mere accident Shea discovered that the man had been murdered. He, with his partner, Joe Kipley, go to work on the case. Find that the man is an unknown Swede and have hard work locating where he had been employed. Shea's "sixth sense" causes the detectives to start on a twenty-five mile walk along the track of the St. Paul railway, where they meet the murderer.

"MAKING OVER MEN AT MULDOON'S,"
BY
GARNETT WARREN.
A close sketch of a remarkable man and his methods of physical regeneration. Tells of the harrowing experience of those who go to him at his White Plains place to have their flesh reduced and physical condition overhauled. Telling of the day's doings from 6:15 in the morning, starting with the walk in the passage. The medicine ball; the cold shower; the ride; the long tramp and to bed at 7:30 p. m. The professor is strict with his pupils. The work is heartbreaking at first, but oh, what a difference when you are through the course.

STUDIES IN THRILLING LIVES.
"THE LIFE SAVER,"
BY
WILLIAM ALLEN JOHNSTON.
This clever writer this week tells of those heroes of our coasts who daily are ready and willing to risk their lives to save others. The story of the rescue of the crew of "H. P. Kirkham," stuck on the Rose and Crown shoals fifteen miles off the coast of New England. How the surfmen went to the rescue through ice and storm and after a battle of twenty-three hours with the wind and sea brought the crew of the stricken vessel safely to land. The cook of the "Kirkham" had to be taken from the sinking ship at the point of a revolver. Perkin's motto: "Rescued crew or dead surfman."

COLORED COMICS
BUSTER BROWN AND TIGE,
with a pair of clogs, and some mice give Bertha the scare of her life.

THE TINY TADS,
One caught by a squirrelephant and is rescued by a Hippopotamuskrat.
THE WOO WOO BIRD
He makes James Jones late for school. Beware of the Woo Woo Bird.
"A REMARKABLE COINCIDENCE,"
BY
THEODOSIA GARRISON.
A page story of a Connecticut girl who visits her aunt and grandfather, falls in love with the young man in charge of the new steel plant and the part her grandfather's rambler roses plays in the matter.
BOY AND GIRL PAGE
"BY VIRTUE OF PHEBE'S WIT,"
BY
ALICE BALCH ABBOTT.
Phebe was a clever girl nicknamed "Lighthouse" on account of her red hair. By her success in solving difficult problems she gets her brother out of a bad fix and later saves his chum from missing a trip to Europe by proving his innocence.
CHURCH PAGE.
One of the most interesting in the paper. Giving all the news of the various churches of the city, societies, mid-week meetings, Sunday subjects of sermons, time and place of meetings. A perfect church directory.
WOMAN'S PAGE.
Showing dainty gowns, suggestions in matters of dress, how to make pretty things for the home, and all those different things so appreciated by every housewife.
SPORTING PAGE.
The base ball fever is coming on and this page contains all the gossip of the Central League, as well as that of the American and National. Everything pertaining to sports is here. Nothing missing. Do not overlook it.
THEATRICAL PAGE
Plays and players are discussed here. All the shows of the week are given space on it. Handsomely illustrated.
All the news of the world brought into our office over THE ASSOCIATED PRESS WIRES. The greatest news gathering association on the face of the earth. It overlooks nothing, no matter in what remote corner of the globe it occurs.
The local news of Fort Wayne and vicinity is collected by a corps of trained writers and placed in its columns in a bright, entertaining manner.
THE SENTINEL delivered to your door every evening, by carrier, for 10 Cents Per Week.
SATURDAY'S SENTINEL sold on the street and newsstands for 5 cents per copy.

Story Corner for Base Ball Fans

There is nothing prettier, from the baseball fans' point of view, than to see an outfielder skim along the green, grab a fast bounding sphere and, not stopping to straighten up, hurl the ball to some baseman just the least bit ahead of some madly dashing base runner. Nothing looks quite so spectacular, and the high regard the public has for players of this kind is always shown by the thunderous applause that greets such a feat. The man making the throw is always the recipient of this applause and no credit is given the baseman who touches out the runner. His task, while not so spectacular, is fully as important to the completeness of the play. About half the time the runner and ball reach him at the same time. He not only has to catch the ball, but at the same time put it on the runner.

If he be the least bit timid about getting cut by spikes, it won't be long before every player around the circuit is wise to the fact. From that time on, whenever a man slides into the timid player's base, all he will see will be nice, long, sharp spikes. There are so many ways that a baseman can help his club in plays of this kind, that it is surprising the fans have not long ago recognized it and given the infielder proper credit.

Fred Buelow, when in the majors, pulled a play on Charley Hemphill, at that time with the Browns, that shows what a baseman can do in a play of this kind. "Hemp" was on third with one out, when the batter hit a long fly to Harry Bay of the Naps. Bay hasn't the best arm in the business and Hemphill, after making sure the ball had been caught, started for the plate. The center fielder whipped the ball in as fast as he could. Buelow stood at the plate with both hands resting on his hips, looking out towards the outfield with an expression on his face saying as plainly as words, "no chance to get this fellow." Hemphill must have taken it for granted, when he saw Buelow that Bay had not made the throw, and naturally slowed up. In the meantime, Bay's long throw had been hurrying to the plate. Suddenly Buelow reached out, grabbed the ball and put it on the astonished St. Louis player.

Read This
ANNOUNCEMENT

We wish to announce to the public that we have secured the agency for the following magnificent line of Artistic, High-Grade Player Pianos, which can be had in either sixty-five or eighty-eight note scale:

CONOVER INNER PLAYER; CAROLA INNER PLAYER; EUPHONIA PLAYER PIANO; KINGSBURY INNER PLAYER and CABLE INNER PLAYER

PRICES FROM $500 TO $1,500.

These, together with our other Player Pianos, give us the largest and most select assortment of Player Pianos handled in the city.

Special and Exclusive Features

To be found in the Inner Players are: THE TRANSPOSING DEVICE, SOLO AID, MINIATURE KEYBOARD, PEDAL LEVER ACTION, SLIDING WRIST-REST AND LEVER COVER, FOLDING-IN PEDALS, KEY-LOCK, SIX-UNIT MOTOR, DIRECT MOTOR DEVICE, BALL BEARING ROLL MECHANISM, PNEUMATIC CLUTCH, TILTING SUPERSTRUCTURE TO PERMIT EASY TUNING, SECTIONAL BELLOWS, ETC.

Bear in Mind that every separate portion of the Inner Players is made by the manufacturer whose name it bears. Most Player Pianos are made up of parts manufactured by different makers and are simply "assembled" by the one whose name appears on them. For instance, the assumed manufacturer will buy the piano cases from one maker, the piano action from another and the player action from still another, etc. It is easy to see that "assembled" instruments cannot be depended upon to be as reliable as those made in **ONE** factory, because it is impossible to obtain the uniformity in quality of material and workmanship.

Important A written warranty is issued with every Inner Player Piano, and this warranty guarantees **BOTH THE PIANO AND THE PLAYER DEVICE FOR FIVE YEARS.** Most manufacturers will guarantee their player mechanisms for **ONLY ONE YEAR,** while others will not guarantee theirs at all.

Note Particularly that guarantee is issued by the **MAKERS,** the people who produce the piano and the player device. Naturally it is best judgment to purchase an instrument which has responsible assurance of merit and durability.

We Want You to See and Hear these Remarkable Instruments

You can buy on easy payments and your old instrument, if you have one, taken in exchange.

M. J. Marttene Piano Co.

TEXAS GIVES TAFT TROUSERS

Angora Goat Yields Wool for Mighty Nether Garment.

Washington, D. C., March 3.—Mr. Taft's new trousers are finished. Spick and span, nicely creased, and fit for a Fifth avenue swell, the nether garment which the president-elect's admirers in Texas have insisted on having made for him out of Angora goat mohair are ready for delivery.

A Washington tailor who was given the contract of turning out the trousers from cloth which was made from this famous wool will deliver the results of his handicraft to Cecil Lyon, national committeeman from Texas, who will proceed forthwith to Mr. Taft, with the offering, which the latter already has promised shall figure as a portion of his inauguration day costume.

It will be recalled that Texas sent a huge pair of trousers to the republican national convention for presentation to Mr. Taft when he was nominated. These are not the same trousers. Somebody stole the original pair and the Texans had to make further demands on the famous goat, who, owing to lapse of time, was able to accommodate the shearers.

FLEMING NOW UNDER BILL.

New Ray of Hope for the Armory Measure—Meeting Tonight.

Senator Fleming has undertaken to advance the armory bill in the senate to third reading and will present it the next time the roll call reaches the F's, and as night sessions are now being held, it is likely this will occur in time for the bill to go through the legislature this session. A meeting of the association is to be held tonight when the last desperate effort in behalf of the armory will be made. The bill in the senate was introduced by Senator Ranke, but Senator Fleming's name comes first in the roll call and advantage will be taken of this.

WINS BRYAN MULE.

Dayton, Ohio, March 3.—Congressman James M. Cox is in receipt of a letter from William J. Bryan asking for the certified presidential vote of Montgomery county in order to establish its right to the Bryan mule, which was to be given to the county in any state making the largest democratic gain. Mr. Bryan states that the figures seem to show that Montgomery county has won.

IOWA EDUCATOR DEAD.

Des Moines, Iowa, March 3.—Prof. R. C. Barrett, holding the chair of political science in the Iowa State college at Ames, died today in the Methodist hospital as the result of a surgical operation for mastoid.

OBITUARY.

Susanna Boyer, daughter of Jacob and Barbara (Helfrich) Baltz, was born in Quincy, Pleasant township, Franklin county, Pa., December 15, 1844. Departed this life February 22, 1909, aged 64 years, 1 month and 27 days. In 1853 she removed with her parents to Fort Seneca, Seneca county, Ohio, and in the spring of 1862, the family located in Springfield township, Allen county, Ind., where she resided until the time of her death. On September 1, 1864, she was united in marriage to Samuel Boyer, which union God blessed with eight children, six daughters and two sons. The husband, one daughter and one son have preceded her to the heavenly home. When 15 years of age she united with the German Reformed church of which she was an active member until 1872, at which time she transferred her membership Zion's Evangelical Lutheran congregation at Walnut Ridge, and remained a faithful and living exponent of the faith she confessed.

For many years she had been an invalid, but patiently bore her affliction to the last. Never was she once heard to complain of her suffering, but always cheerfully expressed herself ready to obey the divine summons when it should please God to take her to himself. Realizing that her appointed time had come, in her implicit trust in Christ as the author and finisher of her faith, she said, "My hope is not in this life; my hope lies beyond." Five daughter, one son and twelve grandchildren, together with a host of friends and relatives, mourn the loss of a loving mother, kind neighbor, and sincere friend.

Funeral services were held in Springfield Center Lutheran church, Friday, February 26, 1909, Rev. R. A. Albert officiating, assisted by Student H. G. Miley. The body was tenderly laid to rest in the adjoining cemetery.

At length released from many woes,
How sweetly dost thou sleep;
How calm and peaceful thy repose,
While Christ thy soul doth keep.

In earth's wide field, thy body now
we sow;
Which lifeless lies in sure and certain
hope that thou,
More glorious shall arise.

Then rest thee in thy lowly bed,
Nor shall our hearts repine;
Thy toils and woes are finished,
A happy lot is thine.

The bridegrom will not long delay;
The shepherd soon will come,
And take his cherished lamb away
To his eternal home.

Blest who have Jesus' love esteemed,
O'er every earthly thing:
For none of all his flock redeemed,
Will Jesus fail to bring.

H. O. Winslow, traveling auditor of the W. L. Douglas Shoe company, was in the city today on a visit to Manager W. M. Klinkel, of the local Douglas store.

Financial Independence

Personal Address

A financial institution organized under the Indiana Trust Company law and operated on the plan of the Citizens Trust Company is absolutely safe and an ideal savings bank. We have Real Estate or other gilt-edged collateral security for all loans in addition to the safeguards of banking law. Another very important feature of our plan is that no officer or director can borrow from or in any manner become indebted to the Citizens Trust Company.

We appreciate the favor of the Bank Examiner, who, acting with Governor and State Treasurer, has selected the Citizens Trust Company as the Northern Indiana depository of State permanent funds, but we are more sincerely gratified by the trust and favor of the general public indicated by the drift of business to the Citizens Trust Company.

Since the first day of January of this year several hundred new savings accounts have been started and savings deposits in the Citizens Trust Company have increased

Over One Hundred Thousand Dollars

Thus we are able to supply the wants of borrowers for Home Building and other useful purposes.

We believe we are doing a useful service. We advise everyone who has an earning or saving capacity to start a Savings Account on a sound and profitable plan that will make for him Financial Independence.

Epileptic Fits.

The necessity for taking the right treatment for Epileptic Fits is strengthened by several facts.

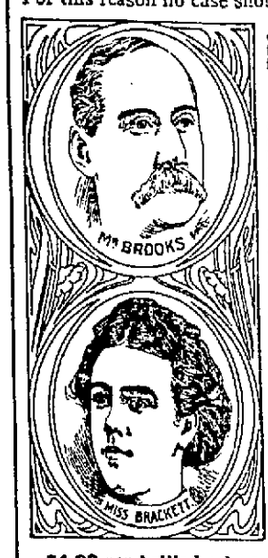
First: Ineffectual treatment entails expense and serious loss of time.

Second: If the fits are not promptly cured the very medicine used aggravates the complaint, and, furthermore, it takes the right medicine longer to cure when it is found.

Third: Continued failure to find a cure makes the patient hopeless and doubtful, and he may refuse a real cure when found, believing his case incurable.

Failure to take the right medicine in the early stages is serious, but not fatal. Wheeler's Nerve Vitalizer will cure even the most advanced cases but it may take longer. It has cured fits that existed from birth, cases that good doctors treated for over thirty years and gave up as incurable. Epileptics having twenty-five to thirty spasms a day never had a fit after taking the first dose of Wheeler's Nerve Vitalizer.

Wheeler's Nerve Vitalizer has cured more serious cases of fits in the past sixteen years than all other treatment. That there are incurable cases may be true, but we know of no method by which they can be pointed out, because the worst cases that have come to our notice have been cured permanently by the Wheeler method. For this reason no case should be considered hopeless.



Wheeler's Nerve Vitalizer does not contain chloral, morphine, alcohol, or any vicious or habit-forming drug. It may be taken with absolutely no fear that any harm will result.

Cured After 25 Years.

I had epileptic fits for over 25 years, never more than three weeks apart, and often several times a day. During all of these years I was under some kind of treatment, and used everything advertised to help or cure. Even the best doctors gave my case up as hopeless. I learned of Wheeler's Nerve Vitalizer, and decided to give it a trial. I have taken it for over 16 months, and have not had an attack since I used the first bottle.

I consider myself cured absolutely, and give **Wheeler's Nerve Vitalizer** entire credit for it. I gained over forty pounds and feel like a slave liberated from bondage. I would not recommend this medicine if I thought there would be any doubt as to its beneficial effects. I feel confident that it will cure any case.

A. S. Brooks, 805 N. F. St., Richmond, Ind.

Cure Complete and Permanent.

This is to certify that my daughter had epileptic fits for six years and that she doctored with the best physicians she could find and took all of the preparations advertised as cures, but got no help until she commenced to take Wheeler's Nerve Vitalizer. She commenced taking it one year ago and has had but one fit since, and previous to that she would have three or four a week.

I can heartily recommend Wheeler's Nerve Vitalizer, as I am confident that her cure is complete and permanent.

Mrs. J. B. Brackett, Newaygo, Mich.

$1.00 per bottle by druggists or by express, prepaid, same price.

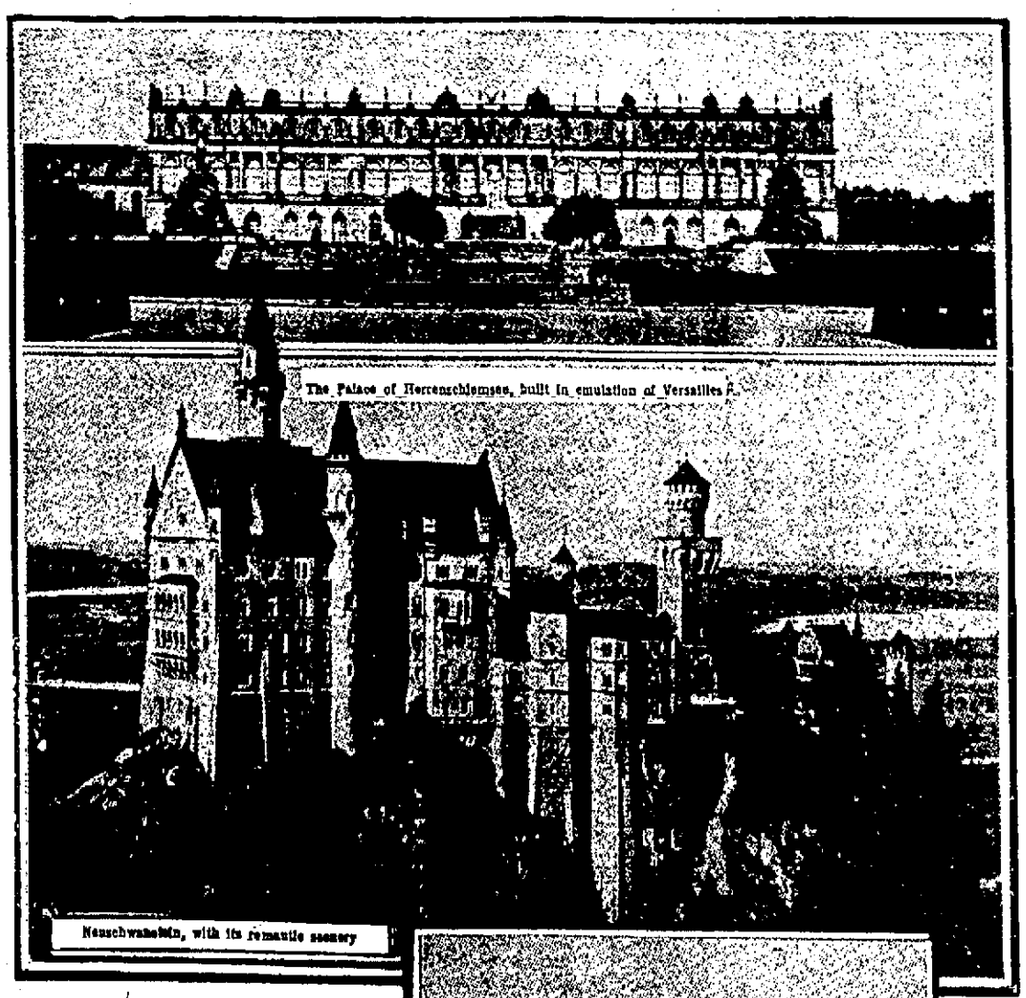
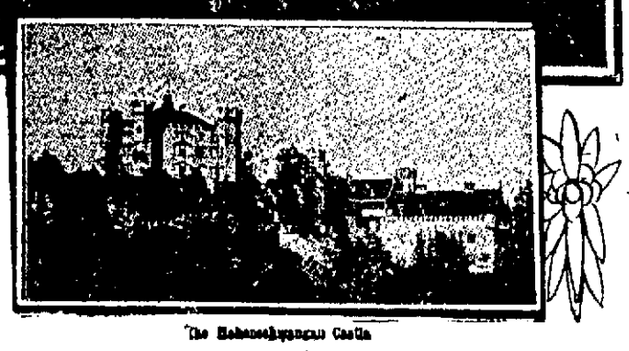
Some Remarkable Buildings By the Mad King of Bavaria

SOME OF LUDWIG OF BAVARIA'S ARCHITECTURAL FANTASIES



The Palace of Herrenschiemsee, built in emulation of Versailles.

Neuschwanstein, with its romantic scenery



The Hohenschwangau Castle

King Ludwig, of Bavaria, according to the Bystander, used his madness to some purpose since it resulted in several impressive architectural fantasies which are shown here. The palace of Herrenschiemsee, built in emulation of Versailles, involved its builder in debts of $200,000. Though modeled on Versailles, it is far more gorgeous, but is strangely situated in a desolate region.

The castle of Neuschwanstein, one of Ludwig II.'s most beautiful palaces, is one of the finest realizations of the mad king's dreams of what a true German castle of the old days should be. The walls of the rooms are painted with scenes from the Niebelungen Ring. Among other Wagnerian heroes, Tannhauser appears frequently, for the castle is built, amid the most romantic scenery, on the spot where he lived.

The Hohenschwangan castle, not pleasing the fancy of the king, was discarded by him for Neuschwanstein, which he built close by.

S.S.S.

CURES BLOOD POISON

Removing the symptoms is not all that is necessary to cure Contagious Blood Poison. The virulent germs which produce these outward manifestations must be completely driven from the blood before a real cure can be effected. The least taint left in the circulation will, sooner or later, cause a fresh outbreak of the trouble, with all the hideous symptoms of ulcerated mouth and throat, copper colored splotches, falling hair, sores and ulcers, etc.

Contagious Blood Poison is the most treacherous of all diseases. It has its victims in its power almost before they realize its presence, because its first symptom is usually a little sore or pimple so insignificant that it does not excite suspicion. But the insidious poison is at work on the blood and in a short while the patient finds he is more or less affected from head to foot.

Contagious Blood Poison is too dangerous to trifle with. No time should be lost in ridding the blood of this destructive poison, and in no disease is it more important to have the proper remedy. Medicines which merely check the symptoms for a time and leave the real cause smouldering in the system have brought misery and disappointment to thousands. Faithfully the sufferers took such treatment, usually of mineral nature, and when all symptoms had disappeared and the treatment was left off, found the virus had only been shut up in the system awaiting a favorable opportunity to return, with every symptom intensified.

S. S. S. cures Contagious Blood Poison and cures it permanently. It goes down into the blood and removes every particle of the poison, makes the circulation pure and healthy, and does not leave the slightest trace of the disease for future outbreaks. S. S. S. is made entirely of roots, herbs and barks, all of which are healing and cleansing in their nature. It does not contain a particle of mineral in any form to injure the delicate parts of the system. S. S. S. will also drive out any lingering remains of mineral poison that may be in the blood from the former treatment. If you are suffering with Contagious Blood Poison S. S. S. will cure you, because it will purify your blood. Home treatment book and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CURED SOUND AND WELL.

Dear Sirs:—I didn't find out that I had contracted Contagious Blood Poison until it had made considerable headway, and fortunately for me the friend that I first consulted had had some experience with the disease, and advised me to take S. S. S., so I didn't fool with any doctors, but began at once the use of your medicine, taking it as directed. My friend told me to stick to it, and that was what I did and got along splendidly from the very first, and my recovery was rapid. I took a number of bottles, and am now as well as ever. When I began S. S. S. my face was so full of sores and eruptions that I could not shave, and now there is not a blotch or pimple on my body. There is nothing in the world that can beat S. S. S. for Blood Poison, and I always recommend it for such cases. A friend of mine is taking it now, and is getting along nicely.

WALTER WEBER.
204 Oakley St., Evansville, Ind.

COVERED WITH SORES.

I was afflicted with a terrible blood disease, which was in spots at first, but afterwards spread all over my body. These soon broke out into sores, and it is easy to imagine the suffering I endured. Before I became convinced that the doctors could do me no good, I had spent a hundred dollars, which was really thrown away. I then tried various patent medicines, but they did not reach the disease. When I had finished my first bottle of S. S. S. I was greatly improved, and was delighted with the result. The large red splotches on my chest began to grow paler and smaller, and before long disappeared entirely. I regained my lost weight, became stronger and my appetite greatly improved. I was soon entirely well, and my skin as clear as a piece of glass.

H. L. MEYERS.
58 Clinton Street, Newark, N. J.

THE USUAL SYMPTOMS.

Having used S. S. S. quite extensively, I am in position to know its virtues. As the result of a serious blood disorder my blood became poisoned and I suffered severely with Rheumatism and other symptoms not necessary to mention. A friend told me he had been cured of my trouble by S. S. S. and upon his recommendation I began its use. After using it for some time my blood was thoroughly cleansed of all poisons and made pure and strong again.

I wish also to speak of its tonic properties. It built up my general health, it improved my appetite, gave me increased strength, and I felt better in every way. I am a great believer in S. S. S., and with pleasure recommend it to all who need a good blood medicine. ROBERT M. ZWEITZIG.
320 Chestnut Street, Lebanon, Pa.

Fine Dress Goods

—at—

Wayne Dry Goods Co.

If you wish to see the latest productions of this season's styles in the way of

Fine Dress Goods

at from $2.00 to $4.00 a yard, take a look at Wayne Dry Goods Company's window, then come in and examine the

Superb Assortment

of these finer grade of goods just received. As we are aware of a lady's dislike of having her selection of a fine costume duplicated two or three times, or even once, by others buying the same, this objection has been met by our ordering but one pattern each of this extra extensive assortment of superior qualities.

Try Sentinel Want Ads.

VALUABLE MINERAL WATER FREE.

A New Mineral Water Idea That Will Be Interesting to Many.

The steadily increasing use of medicinal mineral waters in recent years has been very marked, especially since the public at large has come to a fuller knowledge of their unusual value in curing many diseases, such as Constipation, rheumatism, kidney, bladder, liver and skin diseases.

The producers of Potosote, the mineral water laxative, make strong and apparently well supported claims that they have in Potosote a product which combines the most valuable properties of the world's most celebrated springs. The contents of a package of Potosote, when dissolved in four quarts of water, at home, makes a gallon of Potosote Mineral Water. Their faith in Potosote is quite evident, as tomorrow they propose giving the readers of The Sentinel an opportunity to fully test its merits without any cost. Those who may be interested will find full particulars in their large advertisement on another page in today's issue.

GIVES CHIEF ADDRESS.

Attorney E. G. Hoffman left at noon for Bloomington, where this evening he will be the principal speaker at the farewell banquet given by the faculty and students of Indiana university in honor of Dr. Robert J. Aley. Dr. Aley, who has long been connected with Indiana university, will in a few days become state superintendent of public instructions.

FOR DISEASES OF THE SKIN.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

UNITED COAL YDS. CO.

COULDN'T STAND PROSPERITY.

Chris. Heck was fined $1 and costs in the city court today because he could not stand prosperity. He came here a couple of weeks ago and got a job at $2.50 a day. Out of his first pay he settled for his board and then bought booze with the rest of it and was arrested for drunkenness.

Two train climbers taken off the head end of a passenger train by Pennsylvania officers were given an hour to leave the city.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O.
Sold by druggists, 75c.
Take Hall's Family Pills for constipation.

When investing money that you have saved, three things are essential:

1st.—That it be safe.
2nd.—That you can get it when you need it.
3rd—That you receive a good rate of interest.

All three of these essentials are covered when money is deposited in our savings department. Interest is computed every six months at the rate of 4 per cent.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

Henry Beach and Emma Boulton have been licensed to wed.

William Gaffney announced his candidacy for re-election as trustee of Wayne township.

There was a temperance meeting at the jail Sunday, and all the prisoners signed the pledge.

The Pennsylvania company has resumed its plan of testing employes for colored blindness.

Rev. Father Butler, of Rock Island, Ill., will lecture at Library hall on the evening of St. Patrick's day.

A brother-in-law of Louis Curdes arrived from Germany this morning. He is said to be an excellent singer and will lead the Arion society.

Will Ream is now the sole owner of the Hoosier, having purchased the half interest held by G. W. Seeley. Mr. Ream as Will Wayward, is a pretty spicy writer.

John Hance and Prof. John Maier are organizing a glee club and string band which will be incorporated in the Jeffersonian club, and furnish music at meetings hereafter.

The Schrool Boy Herald is the name of a new paper published Saturday by Masters John Winel, James Turner and Frank Sweet. The boys get out a neat little paper.

C. A. Munson Saturday quit the service of Heustis & Hamilton, for whom he has traveled for years. Mr. Munson is a member of the firm of Lillie & Munson, dealers in lime.

The fifth annual commencement of the Fort Wayne College of Medicine will be held this evening at the circuit court room. The following is the list of graduates who will receive the degree of doctor of medicine: William P. Clark, Ohio; David J. Erwin, Indiana; Charles H. English, Indiana; C. V. Gorrell, Ohio; Peter D. Hughes, New York; S. Koontz, Indiana; Elmer U. Powell, Indiana; F. M. Pearman, Indiana; E. L. Sivers, New York.

THE SHOP AND RAILROAD NEWS

RAILWAY ON BRIDGES.

New Line In Montana Has 115 Bridges In 117 Miles.

The Pacific coast extension of the Chicago, Milwaukee and St. Paul crosses Mussel Shell river, Mont., 115 times in 117 miles. It has broken every American record by building 20 miles of bridges on that portion of the system which begins at the Missouri river, South Dakota, and ends at the cities of Tacoma and Seattle. Surveyors, engineers and constructors were instructed back in 1906, when actual work was begun on the extension now known as the Chicago, Milwaukee and Puget Sound road, to move in straight lines wherever possible except in the climbing of mountains. The result is seen in a most remarkable series of bridges, tressels and tunnels, bringing the distance by rail from Chicago to Seattle down to 2,175 miles—from 50 to 14 miles shorter than by the three other transcontinental lines which reach Puget Sound.

TELEPHONE DISPATCHING.

Railroad Men Say It Is Superior to Telegraph.

That the telephone will, in the near future, supplant the telegraph in the dispatching of trains was the prediction of prominent railroad men at a meeting of the St. Louis Railway club in St. Louis the other night. The discussion followed the paper read by Mr. W. E. Harkness, an expert telephone engineer of the Western Electric company, whose able discourse on the superiority of the telephone for dispatching purposes earned the hearty endorsement of the thirty-five members of the Western division of superintendents of telegraph, who attended the convention, and also a number of the operating officials of the western railroads.

To add zest to the meeting, and to enable Mr. Harkness to demonstrate his talk, an arrangement of dispatching telephones and selective devices were erected in the diningroom of the hotel in which the meeting was held.

Among those present who approved of what Mr. Harkness said were W. W. Rider, supt. of telegraph of the Chicago, Burlington & Quincy; G. H. Groce, of the Illinois Central; C. S. Rhodes, Big Four; G. A. Cellar, Pennsylvania lines; G. H. Millington, Michigan Central, and E. H. Chenery, of the Missouri Pacific.

A number of roads, through practical operation, have demonstrated the superiority of the telephone over the telegraph for dispatching purposes, among these being the New York Central & Hudson River; Lake Shore & Michigan Southern; Chicago & Northwestern; Michigan Central; Chicago, Milwaukee & St. Paul; Northern Pacific; Delaware, Lackawanna & Western; Great Northern; Chicago, Rock Island & Pacific; Union Pacific; Illinois Central; Canadian Pacific; Atchison, Topeka & Sante Fe; Erie railroad; Virginia railway, and West Jersey & Seashore. During the past year the adaptation of the telephone for dispatching purposes has interested operating officials of every railroad in the country.

The only important difference in operation between the new method and the old are that orders are given by telephone instead of by telegraph, and stations are called selectively and distinctively in place of by telegraph code.

Among the reasons put forth by the adherents of the telephonic method, for its superiority over the old method, are that it greatly reduces both the mental and physical strain on operators; that several stations can now be called in much less time than was required by the old way and that in issuing and repeating orders speed is increased 50 per cent, while at the same time, through a careful system of checking, the chances of an error are greatly reduced. Again, when an error is discovered, it can be much more quickly corrected by means of this telephonic method than in the old manner of dispatching.

It is also claimed that the amount saved by the telephonic system through the prompt reporting of delays, and the reduction in the loss of time, will more than offset the expense which the construction and maintainance of this new system will cause.

LIKES HORTON FIRST RATE.

Charles E. Stapleford Pleased With New Home.

Charles E. Stapleford, for a quarter of a century employed by the Nickel Plate, is now comfortably settled in Horton, Kansas, where he evidently expects to remain. The Horton Headlight of a recent date has the following to say of him: "Charles E. Stapleford, a new man in the cabinet department of the shops, recently moved here with his wife from Fort Wayne, Ind., where he has been working for the Nickel Plate. They are at present renting rooms at L. E. Parker's but are looking for a house. Both like Horton and are pleased with the people they have met here. Mrs. Julia B. Stapleford is a teacher of oil painting and expects to start an art studio here as soon as she can get a suitable location. She had a class of twenty students in painting when she left Fort Wayne. Mr. Stapleford has been showing the carpenters around the shops a curious piece of wood in which the office of a new eight story hotel at Fort Wayne is being finished. It is India mahogany and has a beautiful red mahogany color without being polished or painted in any way. When the wood is cut it is solid red all the way through."

GOING TO CUBA.

Eighteen Grand Rapids People on Pleasure Trip.

Eighteen residents of Grand Rapids, headed by Mr. Blodgett, a leading capitalist of that city, occupied a private car which came down from the north as a part of G. R. & I. train No. 8 last night and left over the Pennsylvania on No. 8, bound for Cuba. The party will go via Washington and witness the inaugural ceremonies. E. W. Covert, passenger agent at Grand Rapids, accompanied the party to Fort Wayne, returning to his home this morning. Mr. Blodgett gets up an excursion of this character ever year and fortunate are they who participate in it.

ENGINE A COMPLETE WRECK.

Engine No. 270, which figured in the boiler explosion near Findlay, Ohio, on the C., H. & D. road last Monday morning, is an almost complete wreck. So terrific was the force of the steam when the explosion occurred that the engine was torn from the tender and carried forward thirty feet, where it was deposited on its back in the ditch with its front end pointing backwards. The cab was blown into atoms. The tender was driven backwards and was telescoped by the car following it, which stood on end at an angle of 60 degrees. Jammed into the mass were two other freight cars, which were broken up badly, but none of the other cars in the train were derailed or damaged. Engineer W. J. George was found an almost shapeless mass under the tender, and Fireman Harry Richards was found lying in a pool of water some twenty feet away. The freight train had a coach attached, and there were three or four passengers in it. These men assisted in recovering the dead body of the engineer from the wreckage, and in taking care of the fireman until medical assistance arrived.

LECTURE WAS INTERESTING.

F. Schanz, the photographer, gave a lecture on "Color Photography" before the Electrotechnic club last night, using stereopticon views of colored photographs for illustration and no lecturer was ever able to bring out more plainly his ideas than was Mr. Schanz. He gave a brief history of the art, and particularly of color photography, the first experiments of which were made in England in 1861. A German brought out some interesting and valuable results in 1880 and in 1896 the chromoscope was invented and is still being used in a modified form in three-color printing. Subsequent methods and improvements have been introduced until the art has been brought to a high standard of perfection and Mr. Schanz told his hearers all about it and made his remarks more lucid by means of a microscope. The attendance at the lecture was good.

CONCRETE THE BEST.

G. A. Sellars, superintendent of telegraph of the Pennsylvania, has investigated the relative merits of wood and reinforced concrete for telegraph poles and has declared in favor of the latter. Following the storm of a week or two ago, which carried down miles upon miles of Pennsylvania telegraph wires and poles, Mr. Sellars made a trip over the lines and noted the fact that not a single concrete pole had given way, while over a thousand of the wooden ones were broken off and carried down by the weight of ice upon the wires. Concrete reinforced by steel rods may be the Pennsylvania standard telegraph pole hereafter. Those in use now were made by Contractor H. W. Tapp, of this city.

WILL VISIT SON IN EAST.

Thomas H. Hibbins, the foreman of the slate roofing department of the Pennsylvania shops, is getting ready to make a visit with his son, Arthur, at Daguscahanda, Pa., and will leave the latter part of the week. Arthur Hibbons holds a responsible position in that city with a firm extensively engaged in the manufacture of tile and other articles of the kind.

MR. WILT IMPROVING.

W. L. Wilt, of the Pennsylvania, who passed through a surgical operation for relief from appendicitis yesterday morning, is feeling fairly comfortable today and gives promise of speedy recovery. He will be at his desk in the motive power offices in two or three weeks.

INSTALLING BOILER PLANT.

Guy Springer and a gang of men from the Bass boiler shop are engaged today in installing a boiler plant at the corner of Maumee road and Walton avenue for the French Dry Cleaning company. The plant will soon be ready for operation.

FELL OFF A SCAFFOLD.

While at work in the Pennsylvania shops yesterday afternoon, J. J. Guise, of the machine shop, fell off a scaffold and sustained injuries to one of his wrists. He will be unable to work for several days.

RECEIVERS RE-ELECTED.

Pittsburg, March 3.—H. W. McMaster and F. H. Skelding were today re-appointed receivers of the Wabash-Pittsburg Terminal Railway company by Judge Young, of the United States circuit court.

INDUSTRIAL NOTES.

O. W. Smith, of the Lake Shore, is here to inspect a number of car wheels at the Bass foundry.

Cashier Charles P. Porter, of the Wabash, went to Peru this morning to attend the funeral of his uncle.

Foreman J. D. Corlett, of the Pennsylvania round house, has returned from a business trip to Columbus.

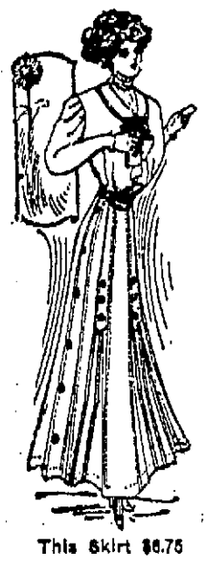
Charming Skirt Styles for Spring Attractively Priced

We want you to investigate the following described skirt styles. They are decidedly the most fashionable and best tailored models that these prices could possibly secure—making them extraordinary values.



This Skirt $6.75

TAILORED PANAMA SKIRTS AT 5.98.

A smart, 9-gore model of a splendid quality Panama, in navy blue and black, a tailor's fold offset with a row of buttons give an effective finish to the front and each alternate gore is trimmed with self-strapping and buttons. Price 5.98

CLEVER GORED SPRING SKIRTS AT 6.25.

This is an exceptional value, the quality of material being above the ordinary, the style conforms to the new straight line effect, from belt to below yoke depth is a tailor's fold from which extends the new slashed effect filled in with fan pleating, narrow fold at bottom. 6.25

PANAMA SKIRTS (like cut), at 6.75.

The illustration to the left depicts this fashionable new model made of a very fine quality Panama, designed along the fashionable straight lines and beautifully trimmed with self applications and numerous satin buttons, the value is unusual for the price. 6.75

SPRING SKIRTS OF GRANITE CLOTH AT 6.98.

Shown in colors and black is this clever new model of fancy striped granite cloth, self covered buttons, folds and silk soutache braid form the decoration, the folds being applied in drape effect, sloping from sides to a point at front and back. Price 6.98

This Skirt $8.00.

SPRING SKIRTS (Like Cut), AT 8.00.

The new model pictured to the right above is certainly a very rare value, it is made of an invisible plaid Panama in colors and black, the design is very original, showing a clever arrangement of narrow folds and the very fashionable side pleating. This 10.00 value at 8.00

DRESSY BLACK PANAMA SKIRTS AT 8.75.

Immediately to the right we find illustrated a reproduction of a beautiful new skirt model made of black chiffon Panama, the self fold and finishing touches of satin and buttons form the decoration and make it very desirable for either street or dress wear. Price 8.75

This Skirt $8.75.

SATIN CLOTH TAILORED SKIRTS AT 11.50.

One of those extremely fashionable new models showing the handiwork of the master tailor, artistic in effect, laid in numerous gores with a combination of wide and narrow folds at front for decoration, the material is a very rich quality striped satin cloth. Price 11.50

CRISP, BLACK WIRE VOILE SKIRTS AT 13.50.

A spendid new, dressy model of finest wire voile, showing the most exclusive touches of trimming ideas, side pleating, wide and narrow folds of ottoman silk applied at foot and at sides giving a pretty finish to the pleating. Strictly high class..... 13.50

Machinist John Stephens has recovered from his recent illness and resumed his duties at the Pennsylvania shops.

Division Storekeeper C. P. Cherry, of the Pennsylvania, left at noon today for Allegheny on business for the company.

W. A. Reynolds, John O. Bryant, E. J. Travis and Peter Berg are new names on the Pennsylvania shops sick list.

Mrs. William Glenn, wife of the well known Pennsylvania passenger engineer, is very ill at the family home on DeWald street.

C. E. Christopher, soliciting freight agent of the Kansas City Southern, was in the city yesterday in the interest of his railway.

F. C. Parkhurst has been appointed freight and ticket agent at Grand Crossing for the Pennsylvania, succeeding S. T. Morris, resigned.

Mrs. H. E. Allison and daughter, Miss Louise, went into Ohio yesterday to visit relatives a few days. Agent Allison will join them there later.

Frank Peterson has resigned a position at the Bowser works and sold his property in the city with the intention of going to Los Angeles, Cal., to reside.

Machinist C. E. Scott resumed work in the Wabash shops this morning. With his wife and mother he had been at Indianapolis to attend a funeral of a relative.

Pennsylvania Engineer John L. Gebert is out on the streets and will soon be able to resume his place at the throttle. He has just passed through a serious attack of pneumonia.

Engineer Dayton DeBurn, of the Wabash, has returned from the southern part of the state, where he spent a month, and will soon resume his duties on the shop switch engine.

The Boss Manufacturing company has put in a front stairway leading up to its factory rooms on the upper stories. Originally the only way to getting there was by a stairway in the rear.

Switchman G. Perb Davis, of the Pennsylvania, is taking a lay off for the purpose of entertaining his brother, a traveling salesman residing in Marietta, Ohio, who arrived in the city last night.

J. F. Walda, who had an arm injured a week or two ago, while at work in the Pennsylvania lumber yards, has resumed work. He was transferred to the east car shops today.

Motive Power Superintendent E. F. Needham, of the Wabash, arrived in the city this afternoon and will remain here awhile looking after affairs connected with the department he represents.

The Bowser plant is now introducing a cost account system similar to that followed at the Pennsylvania railway shops. Every bit of material that goes into the construction of factory products is recorded at the proper place and it takes but a moment to get at the actual cost of every pump or tank turned out.

General Foreman Frank Cairns, of the Crestline shops of the Pennsylvania, was in the city yesterday. His father, James Cairns, the retired Pennsylvania machinist, has been quite sick at Frank's home and is still in a bad way, though there has been a slight improvement in his condition. The sick man is upwards of eighty years old.

The Sentinel is asked to print the following: "The team composed of the Bass boiler shop and pattern shop would like to bowl the foundry boys at the Brunswick alleys March 12. The foundry team so far has been deaf to the challenge hurled at them by the joint teams and it is charged that they have a 'yellow streak.' Answer through these columns."

Because a brakeman refused to admit her to a car of the Wabash Continental limited at Logansport without a ticket, Mrs. M. F. Dardnelle, of St. Louis, wife of a wealthy merchant, threatens to sue the company for damages. When refused admission to the train Mrs. Dardnelle rushed to the ticket office and bought a ticket, but the train left while she was doing it.

BAD TEMPER CAUSES HUSHAND TO ASK DIVORCE

Samuel Sovine Prays For Decree—The News of the Courts.

Samuel Hubert Sovine says in divorce complaint filed in the superior court today that Lillian Sovine has an ungovernable temper which caused them to separate in December, 1907, and he wants a decree and the custody of their child. They were married in December, 1901.

It is also charged against her that she deserted the child, which has been in the keeping of its father for more than two years. Some acts of cruelty will be proven, but blank spaces were left in the complaint in which these will be inserted. Emrick & Emrick are attorneys.

Spy Run Wants Dike.

Thirty property owners in the Spy Run district filed in the superior court late yesterday afternoon through Ninde & Shoaff a petition asking that a levee be built from Kamm avenue along Spy Run creek to St. Mary's river, east to its confluence with the St. Joe and north along the St. Joe to the Freeman property. This will completely surround the district and it is alleged will benefit the property greatly in excess of the damages that will be assessed.

The document is voluminous and contains a description of every piece of property in the district and was filed in the circuit court with the belief that is object could be accomplished more speedily than by filing it with the city authorities. The court will appoint a commission to take charge of the work and report upon the damages and benefits.

Blames Contractors.

Coroner Dr. A. J. Kesler has filed with the county clerk his verdict in the killing of Henry Subkowski, who fell and was fatally injured at the building to be occupied by the Indiana furniture company and he gave as his opinion that the negligence of the contractors in not putting in the floors as the structure proceeded, caused the accident. State Building Inspector Blakely is also held accountable for his failure to enforce the law requiring these laws to be enforced.

Articles Are Filed.

Articles in incorporation of the Verein Deutscher Waffen Genossen were filed today with the county recorder. It is an assessment organization without capital stock. Henry Jacobs is president, Johann Neuman vice president, Jacob Clemens secretary and William Ahlersmeyer treasurer. The trustees are Carl Oestermeyer, Emil Stell and Frank Friedman.

Mrs. Verweir, who has been visiting with her son, John L. Verweir, has returned to her home in South Bend.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., March 3.—Some of yesterday's bullish enthusiasm was still manifested in the wheat market at the opening today and initial quotations were from ⅛@¼c to ½c higher, compared with the previous close. May opened at $1.18¼ to $1.18⅞ and July at $1.05⅞ to $1.06⅛, the latter figures being a new high record mark for the season for that option. At the start the market was supported by the leading long who bought freely of the May delivery, but later this support was withdrawn, allowing the market to become somewhat heavy. May steadied around $1.18¼ and July sold off to $1.05⅝. The bulls were given some encouragements by fresh reports of damage to the fall sown crop in this country.

Corn prices advanced to new high record marks of the season, the May delivery touching 67½c and the July option 66½c. The upturn was due to general demand by commission houses, based mainly on the strength of wheat. The market, however, failed to retain the early gains, realizing sales in July causing a deline of about ½c. At the start prices were a shade to ⅛@¼c higher, May being at 66⅞@67c to 67¼c and July at 66¼@66⅛c. Later May sold off to 66⅝@66⅞c, while July dropped to 65⅞c.

The price of oats also advanced to a new high level owing to active general demand. Early in the day May sold at 56¼c, a gain of ½@⅝c, compared with the previous high point established yesterday. Some reaction occurred on the decline in corn and May sold off to 55¾c. The opening was ½c to ⅝c higher at 55¾@56c. July opened at 50⅝c to 50⅞c.

Provisions were strong, owing to decreased receipts of live hogs at all western packing centers. Prices at the opening were 5c to 12½c higher.

New York Grain and Provisions.

New York, March 3.—Flour—Receipts today were 19,284 bbls; sales, 2,400 bbls. Market firm and held higher.

Wheat—Receipts today were 61,200 bu; sales, 900,000 bu. There was considerable irregularity to wheat this morning, but on the whole a strong undertone prevailed with prices at one time around the top notch of the season on bull support and higher cables. May, $1.22¾@1.22⅞; July, $1.13⅝@1.14⅛.

Rye—Market quiet; No. 2 western, 86c f. o. b. New York.

Corn—Receipts today were 2,250 bu; sales, none.

Beef—Market quiet; family, $15.00@15.50.

Pork—Market steady; family, $18.25@19.25.

Lard—Market steady; western, $10.05@10.15.

Sugar—Raw, market easy; fair refining, $3.20; centrifugal, 96 test, $3.70; molasses sugar, $2.95; refined sugar, market steady; crushed, $5.35; powdered, $4.75; granulated, $4.65.

Petroleum—Market steady; refined, all ports, $8.45@8.50.

Coffee—Market steady; No. 7 Rio, 8¼c; No. 4 Santos, 9c.

Molasses—Market quiet; New Orleans, 28@32c.

Chicago Cash Grain.

Chicago, Ill., March 3.—Cash Wheat—No. 2 red, $1.25@1.27½; No. 3 red, $1.18@1.26; No. 2 hard, $1.18¼@1.20; No. 3 hard, $1.11@1.18; No. 1 northern, $1.10¼@1.21; No. 2 northern, $.17@1.19¼; No. 3 spring, $1.11@1.18.

Corn—No. 3, 65¼@65½c; white, 66c; No. 3 yellow, 65½@65¾c; No. 4, 62½@64¼c.

Oats—No. 2 white, 56½c; No. 3 white, 54¾@55½c; No. 4 white, 51¾@54¾c.

LOCAL MARKET EPITOME.

Receipts of produce locally today were nothing to speak of, while in the case of demands, all lines were in heavy inquiry, including eggs, which have evidenced a declining tendency recently. The demand for good country butter today was very heavy, but there were no receipts at all. The chicken market is steady at the quotations.

Said G. H. Crouse, of the commission house of G. H. Crouse & Co., this morning: "Roads are very bad now and the weather is not in the least favorable for good receipts here. We expect all prices on Fort Wayne markets to run steady tomorrow. The demand for eggs has shown a good increase and the expected drop will not take place probably for a few days."

Local millers today boosted their quotations on bran and shorts to $27 per ton. There were no change in the other markets.

FORT WAYNE MARKETS.

The prevailing prices on Fort Wayne wholesale markets today were as follows:

Barr Street—Wholesale.

Wheat—$1.16 bu.
Corn—60c bu.
Oats—50c bu.

WEDNESDAY, MARCH 3, 1909.

CITY BREVITIES.

A iron fence along the east side of the Concordia cemetery to conform with the fence around the other sides will soon be built. The cemetery association met last night and it was decided to award the contract within a short time.

Special Agent Hawes, of the department of commerce and labor, has nearly completed his task of investigating the various labor conditions here and with his staff of assistants he will soon leave for other territory. The report will be issued in bulletin form.

J. B. Stowe, of Columbus, Ind., and an advance man for the Barnum and Bailey circus show, is visiting with Prof. and Mrs. Fred J. Reineke, at their home on East Main street. Mr. Stowe says that the circus season for his troupe will begin within several weeks.

Attorney Lee Ninde will act as host to the members of the Blackford Law club on Friday, the gathering to take place in his home. Attorney William Shambaugh is on the program for a talk as are also several others for some informal utterances and Mr. Ninde will wind up the evening with a banquet to the guests.

GOOD COUGH MEDICINE FOR CHILDREN.

The season for coughs and colds is now at hand and too much care cannot be used to protect the children. A child is much more likely to contract diphtheria or scarlet fever when he has a cold. The quicker you cure his cold the less the risk. Chamberlain's Cough Remedy is the sole reliance of many mothers, and few of those who have tried it are willing to use any other. Mrs. F. F. Starcher, of Ripley, W. Va., says: "I have never used anything other than Chamberlain's Cough Remedy for my children." This remedy contains no opium or other narcotic and may be given as confidently to a child as to an adult. For sale by all druggists.

BUYS A FINE FARM.

William Rudolph has purchased the George Ewing farm of 165 acres four miles southwest of the city, and will erect a new house and other buildings there. The farm is adjacent to the property recently purchased by the Country club, and the price paid was $13,000. Mr. Rudolph was formerly foreman of the Journal-Gazette press room, but is now engaged in the dairy business.

White Goods for Confirmation Dresses

Our showing of dainty White Fabrics, suitable for Confirmation Dresses, is larger and more varied than ever this year. Many of these goods are entirely new this season and seem especially intended for this purpose.

WHITE WASH GOODS

When combined with the beautiful Laces and Embroideries shown at our lace department, these new white wash goods make charmingly girlish frocks:

Fine India Linons
Persian Lawns
Sheer Batistes
Adrea Cloth
Mercerized Mull
Lintex
Dotted and Figured Swisses
Pearline Lawns
French Lawns
Wash Chiffon
Egyptian Cloth
Thread Cambric
Linlweave
Embroidered Plumatis
Bordered French Lawns

BEAUTIFUL WHITE SILKS

In the silks are cream and white crepe-de-chines, Jap and China silks in many qualities and widths, and many other soft, pretty weaves. At this department are also shown the embroidered robes—semi-made, ready for the home dress maker to add the finishing touches.

LIGHT WEIGHT WOOL FABRICS

Many suggestions are offered among the light weight woolen goods. White Nun's Veiling, Albatross, Henrietta, Lansdowne, Silk and Wool Crepe, and other novelty weaves make pretty little Confirmation Dresses.

Suitable Yokings and Trimming for these fabrics are shown at the trimming department.

JOSEPH VEVIA DEAD.

Former Fort Wayne Man Expires at Hammond, Ind.

Joseph Vevia, 53 years of age, a former resident of Fort Wayne, died Tuesday afternoon at the home of his mother in Hammond. Mr. Vevia was an uncle of Mrs. George Swain, jr., of this city, who left last night to attend the funeral services. Other relatives include the mother, a sister and three brothers, one of them being George C. Vevia, of Fort Wayne.

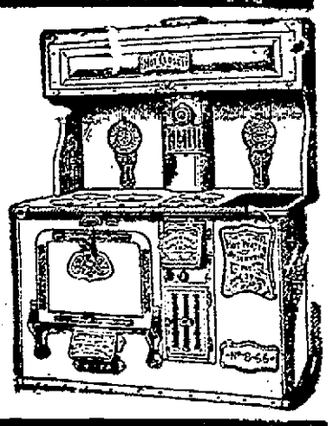
The Users and Not the Makers



Are the best advertisers of the Born Steel Ranges. Any housekeeper without one needs only to ask her neighbors about them to learn that they "are splendid bakers"—"roast beautifully"—"are ready to bake in ten minutes"—"burn hard coal with very best results"—"are easy to keep clean and simple to control"—and many other things about their good qualities. Over 100 of your neighbors have them in use. Their names and addresses are yours for the asking. Call at the store.

PHONE 149 SEAVEY'S UP-TO-DATE HARDWARE STORE
